

# BROWNELLS REVOLVER CHAMFERING TOOLS & KITS

Cuts Beautiful, Chatter-Free Chamfer To Eliminate Bullet Splatter, Shaving, and Fouling Buildup - No Lathe Needed, No Need To Remove Barrel From Frame

Many revolver barrels have only a bare minimum chamfer at the throat, no chamfer at all, or one that's off center. Any of these conditions can spray lead and jacket material out of the barrel/cylinder gap, do strange things to the bullet shapes, and degrade accuracy. Plus, fouling will build up between barrel and cylinder, causing the cylinder to drag or lock up. Our Revolver Chamfering tools are a custom, precision reaming system designed to help you cut a beautiful, chatter-free, perfectly centered chamfer without dismantling the barrel from the frame. The Extension Rod slides into the bore; screw on the Cutter; add the centering cone and the handle and you're ready to go. All of the Kits let you choose the angle of the Chamfer Cutter, the size of the Facing Cutter and the Pilot. All include instructions and come in a see-through top box with plenty of room to start with a Basic Kit and add more components later.

## .38-.45 CALIBER TOOLS

**.38-.45 CALIBER CHAMFERING KITS** - To cover the "whole nine yards" there's the **Complete Gunsmith's Chamfering Tool Kit**. You get two 18° Chamfer Cutters, two 18° Brass Laps, the 11° Brass Lap, the 5° Brass Lap, the 11° Chamfer Cutter, the .38 cal. 82° Chamfer Cutter, .38 cal. 5° Chamfer Cutter, all four 90° Facing Cutters, all four chamfer tool Pilots and, of course, the Handle, Tool Extension Rod, Centering Guide, Breaker Bar, and 3/32" Allen Wrench... all in the fitted, plastic, box.

The **Basic .38-.45 Kit** consists of Handle, Tool Extension Rod, Centering Guide, one 11° or Chamfer Cutter, a cutter removing Breaker Bar, 3/32" Allen Wrench and the Kit Box.

The **Intermediate .38-.45 Kit** adds one Facing Cutter and one Pilot of your choice to the Basic Kit.

## INDIVIDUAL CHAMFERING TOOLS

**INDIVIDUAL .38-.45 CHAMFERING TOOLS** - Also sold separately for replacements and "build your own" chamfering kits.

**5° Chamfer Cutter** has a super gentle angle as currently used by Ruger on their .38/.357 DA guns. If you set back a Ruger barrel or just want to duplicate this angle on any other barrel, use this cutter. You CANNOT use 18° or 11° cutters on a 5° throat without exceeding maximum throat diameter or making a compound angle.

**11° Chamfer Cutter** is recommended by Ron Power. The gentler entry angle causes less bullet deformation and gives better accuracy (especially important for "wadcutter" shooters). One size for all calibers from .38 to .45. Use with pilots in chart.

**18° Chamfer Cutter** is our "standard" cutter. The angle is right for jacketed bullets as well as round nose and semi-wadcutter ablead bullets. It will remove most factory cuts without exceeding the maximum recommended throat diameter or creating a com-

pound angle. Use the .38 cutter for 9mm through .41; use the .45 cutter for .44 through .45.

**82° Chamfer Cutter** is used to lightly break the outside edge of the new chamfer.

**90° Facing Cutter** is another Ron Power "trick-of-the-trade". Use to adjust barrel/cylinder gap, square the rear barrel face and eliminate high spots. Four Sizes: **.540"**, for Ruger Security Six, GP-100; S&W K; Colt Mk III, Official Police; Charter Arms; **.560"**, for S&W L; **.625"**, for S&W N; Ruger Blackhawk, Super Blackhawk; **.687"**, for Ruger Redhawk.

# BROWNELLS PREMIUM SHOP APRONS

Top Quality, Custom-Made For The Professional Gunsmith

Made from the best grade, tightly woven, 2-ply yarn, all-cotton duck—the same stuff they make top quality, insulated coveralls from. Solvent- and oil-proof nylon thread used throughout. Everything heavily reinforced with seams rolled, double stitched and finished, all corners and stress points bar-tacked for strength. Machine washes and dries without edges curling or losing shape.

**LONG SHOP APRON** - Covers from shoulders to below the knees to keep dirt /crud off your clothes. Adjustable hook and loop neck strap for a custom fit. Neck and rear tie straps are double thickness for extra strength. Three pockets: a centered upper one with a sewn-in pencil slot and large lower ones on the left and right sides. **O-Ring** model features neck straps sewn together as a halter and metal O-rings that help adjust the bib for maximum coverage. SPECS: 39 1/2" (100.3cm) long, 30 1/2" (77.5cm) wide. Pockets: Top - 4 1/2" (12.4cm) wide x 4 7/8" (12.2cm) high with pencil slot. Lower (x2) - 7 1/2" (19.7cm) wide by 6 1/4" (17.1cm) high. Ties: each 27 1/2" (69.8cm) long. Neck strap: 2 1/2" (5.2cm) long. **O-Ring** model has 1" (2.5cm) O.D. metal rings at top corners.

- #084-071-000AS Brownells Long Shop Apron, 4A27B84 ..... \$ 33.99
- #084-071-001AS Long Premium Shop Apron With O-Ring, 4A33E74 ..... 37.99

**SHORT SHOP APRON** - Top-quality, custom-made, above-the-knees apron. Hook-and-loop closure on the neck strap lets you adjust the "bib" for maximum coverage and the length to match wearer's height. Centered top pocket is sewn solidly to the apron so it can't swing and has a separate slot for pens, pencils, or a mike. Roomy, double, lower pockets. **O-Ring** model features neck straps sewn together as a halter and metal O-rings that help adjust the bib for maximum coverage. SPECS: 28 1/2" (72.4cm) long, 2" (63.5cm) wide. Pockets: Top - 4 1/2" (10.5cm) wide x 4 7/8" (12.2cm) high with pencil slot. Lower (x2) - 6 1/4" (17.1cm) wide x 6 1/4" (15.9cm) high. Ties: each 27 1/2" (69.8cm) long. Neck strap: 2 1/2" (5.2cm) long. **O-Ring** model has 1" (2.5cm) O.D. metal rings at top corners.

## BROWNELLS SHOP CLOTHS

Washable, Reusable, Absorbent - Great!!

Made in the U.S. and dyed red; prewashed, with fully stitched edges. What makes them so much better than anything else we've found is the blend of cotton and acrylic fibers. This blend keeps the absorbency so necessary for efficient cleanup, yet lets them stand up to hard use and frequent washings better than "cotton only" cloths. **SPECS:** Approx. 13" (33cm) x 13". 86% Cotton/14% Acrylic blend.

**#084-086-001AS** 1 Dz Red Shop Cloths, 9K11Q54. . . . . \$ 14.97  
- 6 or More - Red Shop Cloths, per dz, 9K8C84. . . . . \$ 8.84

## NEOPRENE SHOP APRON

Protects Against Chemical Splashes

Heavyweight, brown, Neoprene apron protects clothing and skin from the oils, acids, caustics, greases and solvents encountered in the gun shop. The best apron we have seen for jobs involving hazardous chemicals.

**SPECS:** Neoprene. 36" (91.4cm) x 46" (117cm). **#100-001-000AS** Neoprene Shop Apron, 1Z19P95. . . . . \$ 19.95

## NEW! AMMEX HEAVY-DUTY NITRILE GLOVES

Extra Thick For Better Performance, Protection, & Safety

Heavy-duty, orange, nitrile gloves have an aggressive diamond texture to increase gripping power in wet or dry conditions. Finger tips and palm are extra thick for extended wear and enhanced tear resistance. These latex-free gloves are resistant to most common chemicals, powder free, and have a polymer coating inside that makes getting them on or off easier. **SPECS:** Nitrile butadiene synthetic rubber, orange and blue. 100 ambidextrous gloves per box.

## BROWNELLS NEEDLE OILER BOTTLE

Leakproof, Solvent & Stain Resistant; Controlled, Metered Flow

Provides a consistent, small drop of your favorite lubricating oil, cleaner, bore solvent, stock stain or finish. Hollow steel "needle" accurately puts that drop of oil or solvent right where you need it most. Helps prevent over-lubrication, contamination and waste. Made from high density polyethylene plastic; fluorinated to resist breakdown from all common petroleum based solvents and protect any outer label from migration damage. Threaded aluminum top features a heavy-duty, inner, rubber seal and removable slip cap; both seal tightly and prevent leaks. **SPECS:** Available in 1 fl. oz. (30ml) and 1/2 oz. (15ml) capacities, both sold in 3 paks.

- #084-000-127AS** Three 1 oz. Needle Oilers, 6A10M10. . . \$ 11.99
- #084-000-361AS** Three 1/2 oz. Needle Oilers, 4H6L95. . . . . 7.99

## SUPER-DUTY PIPE CLEANERS

Unique Bristled Cleaners Scrub Holes, Slots & Grooves

The best cleaners we've found for pin and screw holes as well as slots and grooves. Recommended to us by Thomas Getzen, they have tough plastic bristles worked into traditional pipe cleaners. Think of them as tiny scrub brushes with built-in mops. After the bristles loosen dirt and fouling, the mop holds all that crud and carries it out of the hole. Available in 360 Pak or box of 720. **SPECS:** 6" (15.2cm) long x 1/8" (3.2mm) diameter.

- #116-259-000AS** Super Duty Pipe Cleaners, 360-Pak, 6A13P26. . . . . \$ 15.99
- #116-000-001AS** Super Duty Pipe Cleaners, Box of 720, 8K27116. . . . . 33.99

## 3M FILTER MASK

Protects Lungs From Dust & Airborne Particles

Economical, disposable face mask protects you from breathing in airborne particles when grinding, sanding, sweeping, bagging, or other activities that create dust. Lightweight, two-strap design with dual-point attachment gives a secure fit; metal nose clip and foam nose piece adjust for comfort and help reduce eyewear fogging. Filter media contains electrostatically-charged microfibers that help make breathing easier. Not to be used with gases, vapors, aerosols, asbestos, arsenic, cadmium, lead, or other hazardous substances. Does not supply oxygen. **SPECS:** Pak of 10.

**#604-850-010AS** 3M Filter Mask, 6K10192. . . . . \$ 16.99

## GUNSMITH CLEANING PADS

Zillions Of Uses In Your Shop

Handier than a napkin at a banquet, these 100% non-woven cotton Cleaning Pads are ideal for all kinds of shop "wipe-on" and "wipe-off" jobs. Cold blues, solvents, cleaners, oils, grease, crud - just about anything. Has very high absorbency and extra wet strength. Pads are completely clean, lint-free, dust-free and safe to use on any delicate surface. They will not scratch. Excellent for sights, optics, lenses and all glasses. **SPECS:** 3 1/2" (9.5cm) x 3 1/4". Bag of 100.

- #084-079-000AS** Gunsmith Cleaning Pads, 3A8F66. . . . . \$ 9.99

## "T" SHIRT SQUARES

Soft, Absorbent, Classy Rag, Eliminates Robbing The Underwear Drawer

Now, when you need the perfect, 100% cotton wiping or cleaning rag you won't have to reach for your favorite old "T" shirt. These high-quality, cleaning and wiping squares are knitted, not woven, from 5.3 oz., heavyweight cotton material that will not ravel, lint or string apart, even after repeated washings. Convenient 12" x 12" size is just right for polishing, cleaning, staining and finishing applications, plus shop cleanup and dusting. Highly absorbent right from the package, not treated with silicone or fillers; becomes even softer and more absorbent, wash after wash. **SPECS:** 100% cotton, 12" (30cm) x 12". Pack of 3 dozen.

- #856-112-036AS** "T" Shirt Squares, 6E20J20. . . . . \$ 23.99

## MAGILLS MAGNETIC PARTS TRAY

Keeps Small Steel Parts From Getting Lost

Magnetic surface keeps steel springs, screws and other small, easy-to-lose parts safely where you put them. Has just enough magnetic pull to capture the parts without magnetizing them, with raised sides to keep them corralled. Great when taking apart small assemblies, like trigger groups, to keep the parts from rolling off your work bench. **SPECS:** Plastic tray with magnetic pad, black. Approximately 6" (15.2cm) long, 4" (10.2cm) wide, 1/8" (9.5mm) height.

- #561-000-020AS** Magnetic Parts Tray, 1F11C12. . . . . \$ 12.99

## BROWNELLS CELLUPLASTIC TUBES

An Economical, Practical Method Of Storing Your Tools & Cartridge Samples & Instruments; Keeps Them Sharp, Dirt Free & Professional Looking

Give your fine tools the protection they deserve against accidental edge chipping and dulling in the bench drawer. Cellu-plastic tubes are easily cut to any length. Polyethylene plug caps provide tight, moisture-proof container, yet tool (or small part) inside is easily identified for immediate use.

WILL SAVE THEIR COST MANY TIMES OVER!!

## BROWNELLS

### ACRA-QUICK™ & ACRA-20™

Mixes Perfectly, Hardens Fast, Holds Like Iron

Our revolutionary ACRAQUICK/ACRA-20 family of two part epoxies is unmatched for strength, hardening speed, and their ability to bond to almost any material. They bond to wood, metal, ceramics, and most plastics with all the famous strength and holding power of ACRAGLAS. Once cured, they're virtually impervious to the effects of moisture, sunlight, frigid temperatures, solvents, detergents, and most chemicals. Unlike lesser adhesives, they will not shrink, crack, or weaken over time. All ACRA epoxy formulas harden strong enough to handle in minutes and cure to full strength in 24 hours. And, they all dry clear.

Standard ACRA-QUICK 3-MINUTE EPOXY has a mixed working time of 2-3 minutes and is strong enough to handle 5 minutes after application (at 70 °F). ACRA-QUICK and ACRA-20 are semi-fluid formulas that flow well, fill gaps, and get into those hard-to-reach spots. ACRA-20 has a longer, 15-20 minute working time and reaches handling strength in 60 minutes. It will set up in temperatures down to 0 °F, and it can be colored with any of our ACRAGLAS dyes. ACRA-QUICK GEL sets up in 3-5 minutes, and their no-drip formulas are perfect for repairs where gravity works against you.

All ACRA epoxies come with a reusable, no-mess, application gun that automatically blends the resin and hardener to a perfect 1-to-1 ratio as you apply it to the work area.

**SPECS:** Each kit contains: 1.6 fl. oz. (50 ml) epoxy cartridge (Acra-Quick, Acra-Quick Gel, or Acra-20, depending on kit), 2 mixing tips, 1 application gun.

- #081-000-023AS Acra-Quick Kit, 1H36N32..... \$41.95

## BROWNELLS

### ACRA-WELD™ CARTRIDGES

The Best Possible Epoxy In An Easy-To-Use Applicator

The most sophisticated epoxy compound yet formulated for repairing, restoring, filling and bonding wood, metal, concrete, glass, and ceramics. Our unique applicator gun makes it to apply the precise amount you need. Has many times the strength of polyesters and withstands vibration, oils, practically all acids, solvents, and abrasion. Gap-filling formula means parts do not have to fit perfectly for maximum bond. Can be colored using our Water Soluble Dyes, Epoxy Black, or liquid ACRAGLAS® Dyes. Working time of 15-20 minutes.

**SPECS:** Set contains: 1 (one) 1.6 fl.oz. (50ml) ACRA-WELD cartridge, 2 mixing tips and application gun. Refill Kit contains: 1 (one) 1.6 fl.oz. (50ml) ACRA-WELD cartridge, 2 mixing tips.

## BROWNELLS GUNWRAP™ PAPER

Meets Mil Spec P-3420F  
Rust-Free Storage In Gun-Factory Paper

Wrap around guns, tools, other steel valuables for protection from moisture and rust. 1 square foot of paper protects 1 cubic foot of space. Tests show 10-15 years protection when steel parts were wrapped in GUNWRAP, sealed in plastic and stored in a cool place. Will not damage bluing or steel. Not recommended for aluminum, silver, brass or copper. May cosmetically stain nickel plating, tho' normally cleans off. Not compatible with some older lacquer finishes. Modern finishes unaffected.

**SPECS:** Available in 12" (30.5cm) x 12" (30.5cm) Sheets or 4" (10.2cm) x 36" (91.4cm) Strips.

- #084-031-010AS Trial Pak 1212, 10 Sheet, 4H6N74..... \$ 9.97
- #084-031-436AS Trial Pak 436, 10 Strip, 4H7N91..... 9.99

**LOCTITE® THREADLOCKER® & ADHESIVES**

**PURPLE #222 THREADLOCKER**

For Retaining Screws That Must Be Turned

Retains assembled screws tightly but still allows occasional turning or adjustment. Works especially well on fine-threaded aluminum and very small diameter screws. Screws coated with #222 can be removed with regular hand tools and do not need to be recoated after adjustments have been made.

SPECS: 10 mL (3 oz.) net wt. bottle.

#532-222-010AS #222 Threadlocker, 2C13N99..... \$17.95

**BLUE #242 THREADLOCKER**

Ideal For Scope Mounting

Keeps those single action and other problem screws from backing out during shooting. Restores worn parts to original tight fit. Flows into and fills to .015" gap, then hardens into tough solid with 1400 psi strength. Excess wipes off. Medium strength - disassemble with normal tools.

SPECS: 10 mL (3 oz.) net wt. bottle.

#532-242-006AS #242 Threadlocker, 2C9H99..... \$14.19

- 12 or More - #242 Threadlocker, per each, 2C6J30 . . . \$12.00

**RED #271 THREADLOCKER**

Holds Screws In Place - Tight!

For worn, extra-loose screws and pins that just won't stay put with #24221 Threadlocker. Also very good for restoring fit to worn parts and mounting bearings on shafts. Prevents fretting, corrosion. Maximum fill is .015", sets to 2600 psi. High strength -disassemble with heavy duty tools.

SPECS: 10 mL (3 oz.) net wt. bottle.

#532-271-006AS #271 Threadlocker, 10mL bottle, 2C11G55..... \$14.95

- 10 or More - #271 Threadlocker, 10mL bottle, per each, 2C7B02..... \$12.54

**GREEN #290 THREADLOCKER**

For Assembled Parts

Penetrates and works around threads. Capillary action draws #29021 down into threads where it hardens to lock screws in place after final assembly. Perfect for trigger adjustment screws, action assemblies and scope mounts. Medium-high strength - 1600 psi - disassembles with normal tools.

SPECS: 10 mL (3 oz.) net wt. bottle.

#532-290-006AS #290 Threadlocker, 2C9P71..... \$13.99

- 10 or More - #290 Threadlocker, per each, 2C6G77..... \$12.55

**BLACK MAX #380 ADHESIVE**

Instant; Withstands Shock; Perfect For Gluing Sights & Ribs

Instantly glue on shotgun sights, sight ramps or make fast repairs to vent ribs and beads with this modern, tough-as-nails adhesive. A fast-fix for installing rifle-type sights on plain barreled shotguns. Fast-curing cyanoacrylate, toughened with elastomers, provides greater resistance to impact, vibration and increased shear strength. Impervious to most common gunshop solvents and cleaning agents. Adheres instantly to properly-prepared rubber, plastic or metal surfaces. Flat-black color blends with most blued firearms.

SPECS: Cyanoacrylate liquid, squeeze tube .10 fl. oz. (3 mL).

#297-380-040AS Loctite® Black Max, 2C4J50..... \$5.99

**#609 GREEN GENERAL PURPOSE RETAINER**

Holds Tritium & Handgun Sights Securely Against Recoil

Recommended by tritium sight makers to hold sights securely in side dovetail. Works with any press fit, semi-auto pistol, front or rear, replacement sight. Joins dissimilar metals in 10 minutes. Withstands temperatures to 300 degrees.

SPECS: .33 oz. (10mL) tube.

#532-000-001AS #609 10 mL Tube, 2C12H52..... \$15.99

**#620 GREEN SLEEVE RETAINER**

Secures Press-Fit Assemblies

Works great for the permanent anchoring of studs, pins, and sleeves. Gives a positive seal; resists lubricants, solvents, etc. Hardens in four hours, full strength in ten. 3000 psi

SPECS: Methacrylic ester base adhesive. .33 oz. (10 mL) tube. Carton of 12 - .33 oz. (10 mL) tubes.

#532-640-006AS #620 10 mL Tube, 2C16H00..... \$20.99

- 12 or More - #620 10 mL Tube, per each, 2C10N70..... \$18.20

**#638 RETAINING COMPOUND**

Fast Drying, Super Adhesive For Maximum Strength, Bonding Applications

Maximum strength, anaerobic adhesive provides a near indestructible bond for applications where high dynamic forces or cyclic loads are expected. Specifically designed to lock cylindrical assemblies with up to .010" (.25mm) clearance. Provides superior adhesion for permanent attachment of bolt body shims, gun sights, and other parts that take recoil and shock loads. Adheres in 5 minutes. Requires heat to remove.

SPECS: .34 fl. oz. (10mL) bottle.

#532-000-008AS #638 Retaining Compound, 2C17L67..... \$19.99

**#603 OIL TOLERANT RETAINING COMPOUND**

Recommended by FNH; Helps Prevent Metal Fatigue

Oil-tolerant retaining compound locks non-threaded metals together and flows into those nearly "impossible" to reach places where a thorough degreasing isn't possible. Specifically designed to lock cylindrical assemblies with up to .005" (0.1mm) clearance. Perfect for permanent installation of small, close-tolerance parts that absolutely must not shift under hard recoil or shock. Adheres in 10 minutes. Requires heat to remove. Recommended by FNH for attaching their rail systems on SCAR 16/S and 17/S rifle platforms.

SPECS: Urethane methacrylate base adhesive. 1.6 fl. oz. (50mL) bottle.

#532-000-603AS #603 Retaining Compound, 2C31Q08..... \$33.99

**FORM-A-THREAD**

Repair Stripped Threads Without Redrilling/Tapping

Makes reliable thread repairs without tools. Thoroughly clean stripped threads, coat with Form-A-Thread and reinstall the screw or bolt. Prevents future corrosion and seizing. Effective to 128 ft. lbs. of torque on coarse or fine threads.

SPECS: .44 fl. oz. (13 mL) net wt. in kit.

#532-816-680AS .44 oz. Form-A-Thread, 2C14E18..... \$18.95

**7471 PRIMER**

Cleans & Prepares Metal Surfaces, Speeds Dry Time

Acetone-based, non-CFC, surface activator thoroughly cleans and prepares metal surfaces for rapid, high strength curing of Loctite anaerobic adhesives and sealants. Prevents loosening of scope mounts and rings caused by poor screw preparation. Especially useful for stainless steel, aluminum, blued, anodized, and other inert surfaces. Use also to speed cure time where temperatures are below 59 F. (15° C) and with parts having large bond gaps.

SPECS: 1.75 fl. oz. (52mL) bottle. Includes applicator brush and pump sprayer.

#532-000-003AS Loctite 7471 Primer, 2C14N87..... \$19.99

**LOCTITE® THREAD STICKS**

Semi-Solid Consistency Eliminates Drips, Prevents Waste

Self-feeding, applicator stick makes it easy to apply the right amount of Loctite product without it dripping onto surrounding parts. Semi-solid, no drip formula applies smoothly and consistently to ensure full thread coverage with less waste.

Unbelievably mess free, so you spend less time cleaning up after a job.

#248 THREADLOCKER STICK - Medium strength threadlocker eliminates loosening from vibration, shock and thermal expansion. Perfect choice for most gunsmithing applications. Secures trigger screws and pins to ensure adjustments stay tight; prevents loosening of scope mounts and rings on hard recoiling guns. Handles screw diameters up to 3/4" diameter, and allows easy disassembly with light hand tools.

SPECS: .67 oz. (19g) applicator stick.

#532-000-004AS #248 Threadlocker Stick, 2C25Q11. . \$28.95

#268 THREADLOCKER STICK - Provides high-strength threadlocking adhesion for fasteners under extreme stress or vibration and where routine adjustments are not required. Use localized heat and hand tools to remove.

SPECS: .67 oz. (19g) applicator stick.

#532-000-005AS #268 Threadlocker Stick, 2C24K62. . \$25.99

SILVER GRADE ANTI-SEIZE STICK - Petroleum-based product with the lubricating qualities of graphite. Reduces friction and protects metal parts in temperatures up to 1600°F (871°C). Eases disassembly of choke tubes and other gun parts prone to seizing. Protects against rust and corrosion.

SPECS: .70 oz. (20g) applicator stick.

#532-000-007AS Silver Grade Anti-Seize Stick, 2C5N34 . . \$5.95

**BROWNELLS GUN PRICE TAGS**

Saves You Time - Gives Customer All The Info

For you or your employees to remember the price and every detail on every gun in the shop is almost an impossible job. A gun sold at the wrong price or a sale lost because a customer's questions went unanswered is money out of your pocket. These Gun Price Tags were designed with the help of gunsmiths like you to stop those problems. They let your customer (and sales people) make "apples-to-apples" comparisons and then select the gun that suits their needs best. There are 11 pre-printed headings for: Stock No.; Serial No.; Brand Name; Model; Bore Diameter; Barrel Length; Action Type; Caliber/Gauge; "Other" info; a blank line; a Retail Price line and a blank space. 3 Different colors give instant identification; lets you create your own color-coded system for new and used, or consignment guns.

SPECS: 3 1/4" (9.5cm) x 1 1/8" (4.8cm). 1/4" (6.3mm) reinforced hole for tag tie. Made of heavy card stock. Available in manilla, light blue, and yellow.

**FLEXBAR ROCKSETT ADHESIVE**

Eliminates Vibration, Noise; Removes Without Heat

All-purpose adhesive securely bonds parts, while it dampens vibration and noise. Works from -292° F (-180° C) to +2,012° F (+1100° C), and won't break down when exposed to oils or cleaning solvents. Bonding strength is 250 PSI, yet parts can be separated without heat application. Perfect for use on sights and on flash hider/muzzle brake threads where high temperatures break down other adhesives. No mixing required. Odorless, non-toxic, non-flammable. Just clean parts with an oil-free solvent, dry, and apply.

SPECS: 2 fl. oz. (60ml) plastic squeeze bottle. Instructions included.

#100-010-681AS Rocksett Adhesive, 2 oz., 6K14D81. . . \$16.99

**BROWNELLS ELASTI-TOP GUN TAG**

Attaches Easily To Gun; No Loose Strings; Available In 2 Colors

Heavy card stock tag attaches easily to the gun with a handy elastic loop—no strings to tie. Plenty of stretch to fit around a slide, stock, forend, or even through the triggerguard. Eleven pre-printed headings give you and your customer all the information needed to make the sale: stock number, serial number, manufacturer, model, action type, caliber/gauge, barrel length, choke, two lines for "other" info, retail price, a "sale price" line, and check boxes for "New" or "Used." Available in natural Manilla or Light Blue, so you can color-code your inventory. Even create a coding system for new, used, or consignment guns.

SPECS: Heavy card stock, Manilla or Light Blue, with elastic attachment ring. 2 1/4" (7cm) long, 2" (5cm) wide.

## BROWNELLS "UNSAFE TO FIRE" TAGS

Clearly Indicates That A Firearm Is Unsafe

Bright red paper tags with black lettering clearly identifies that a gun is unsafe to fire. Plenty of lines for writing customer and firearm information. Reinforced grommet for secure attachment to firearm. Perforated for easy tearing so both you and the customer have a record of the status.

**SPECS:** Paper, red with black lettering, 7/8" (19cm) x 3" (7.6cm). Available in 25-paks or 50-paks.  
**#084-000-186AS Unsafe To Fire Tags, 25-pak, 4H7J93... \$ 9.99**  
**#084-000-187AS Unsafe To Fire Tags, 50-pak, 4H15K08..... 19.97**

## BROWNELLS TAG TIES

Permanent

Removable

Faster & Easier Than String Or Wire

Two types, one for guns on the sale rack and one for guns on the repair rack. Fast to put on, low cost, weatherproof, resistant to most things and will outlast wire, string or rubberbands.

**PERMANENT TAG TIES** - lock-on permanently and must be broken to be removed. Cannot be reused. Stops tag switching, pilferage and loss. Great where you don't want the tags removed.

**SPECS:** 9" (22.9cm) long.  
**#084-013-500AS 500 Perm. Tag Ties, 4H17E08..... \$ 20.99**  
**#084-013-900AS 1000 Perm. Tag Ties, 4H27G81..... 33.99**

**REMOVABLE TAG TIES** - Locking notches along entire length, easily removed and used again and again. Ideal for claim checks/ work tags; quickly removed for repairing, polishing, bluing, etc., then put back on until gun is ready for pickup.

**SPECS:** 6" long.  
**#084-015-500AS 500 Removable Tag Ties, 4H32E46... \$ 39.99**  
**#084-015-900AS 1,000 Removable Tag Ties, 4H57N94..... 62.99**

## GUNSMITH CLAIM CHECKS

Avoid Costly Mistakes, Misunderstandings, Mad Customers; Now More Space To Record Detailed Information

**SINGLE STUB** - Nothing improves the professionalism of your gunsmithing business like the use of a well-designed claim check. We've improved our traditional claim checks by extending them to 12" long to provide much more space for detailed information about the work to be performed, the parts required, the firearm's condition, plus make, model, serial number, owner's address, and much more. You'll be able to record a complete record of the job, and provide your customer with a perforated stub to prevent wrongful claiming of a completed repair job. Bottom stub is left blank on the back so you can stamp it yourself with your own shop symbol, design, or a catchy business slogan.

**SPECS:** Made of heavy card stock. Available in manilla, 3 3/8" (7.9cm) x 12" (30.5cm).  
**#084-173-100AS 100 Single Stub Claim Checks, 4H17D69..... \$ 21.99**  
**#084-173-500AS 500 Single Stub Claim Checks, 4H44M21..... 51.99**  
**#084-173-900AS 1,000 Single Stub Claim Checks, 4H78M81..... 90.99**

### DOUBLE STUB CLAIM CHECKS

- Especially for shops that do custom work, repairs or rebluing for stores or other gunsmiths. Has two identically numbered tear-off stubs. One goes to the customer, the store fills out the repair tag, and the other goes to the store when you pick up the gun. Gives complete stub/number control of that gun until it is delivered back to the customer. Eliminates mix-ups and confusion, improper claiming by the store or his customer. Spaces to record the same information as our CC-1 claim checks but shorter in length to save space.

**SPECS:** 3 3/8" (7.9cm) x 7 1/4" (19.7cm).  
**#084-075-100AS 100 Double-Stub Claim Checks, 4H10B40..... \$ 12.47**  
**#084-075-500AS 500 Double-Stub Claim Checks, 4H30M24..... 34.95**  
**#084-075-900AS 1,000 Double-Stub Claim Checks, 4H56F22..... 64.95**

## BROWNELLS GUN SHOP RECORD-KEEPING STARTER KIT

Helps You Price, Track & Manage Guns In Your Shop For Sale Or Repair

Convenient startup kit contains critical items you need to set up a reliable, efficient, legally compliant paperwork system for a business that buys, sells, and repairs firearms. Aids in accurately pricing and managing inventory, as well as tracking guns customers bring in for repair. The heart of the kit is the Firearms Record Book for maintaining a correct, permanent record of your business's firearm purchases and sales as required under the Gun Control Act of 1968. BATF approved format, 48 pages, with space to record 440 transactions, punched to fit the included 1 1/2" data binder. Heavy manilla card stock Gun Price Tags have plenty of room for pricing and specs to identify each gun and help customers comparison shop. Use the Repair Record/Invoice form to track each gun coming in for repairs from the time the customer drops it off through pickup and billing. These are triplicate, carbon-pack forms, with one copy for customer, one to stay with gun, and one for your bookkeeper. Single-Stub Claim Checks prevent costly mistakes and unhappy customers, with plenty of room to record complete job details and a claim stub for the customer to make sure he gets the right gun back when the work is done. Lay-A-Way tickets help lock in sales that might otherwise slip away, while "Personal Firearm" ID tags separate your personally owned guns from inventory for sale in accordance with BATF regulations. Bright red "Unsafe to Fire" Tags mark guns with excessive headspace, damage or other problems that make them unsafe to shoot. Plus, you get plenty of plastic tag ties to keep tags securely attached to guns. Refills are sold separately, so you can restock only the items you run out of.

**SPECS:** Kit contains Firearms Record Book, 1 1/2" data binder, (100) Gun Price Tags, (100) Repair/Record Invoice forms, (100) Claim Checks, (100) Lay-A-Way Tickets, (25) Personal Firearm ID Tags, (25) Unsafe To Fire Tags, and (500) tag ties.

## BROWNELLS FIREARMS RECORD BOOK

Revised To Include The Latest Information About NICS

Required by every business that buys or sells firearms. And, now updated with the latest information about the National Instant Criminal Background Check System (NICS). Describes specifically how to enroll in and comply with NICS, plus gives a correct, permanent record of all purchases and sales of firearms as required under the Gun Control Act of 1968. The format used has been approved by the Bureau of Alcohol, Tobacco and Firearms of the U.S. Department of the Treasury. The book contains 48 pages; has 440 entry lines; and a reprint of ATF P 5300.15 (1/89) detailing FFL rules and regulations; plus a guide, with examples, to filling out the record entries correctly. Punched for any 2 or 3 hole, or post binder.

**SPECS:** 48 pages, 8 1/2" (21.6cm) x 11" (27.9cm).  
**#108-006-000AS Firearms Record, each, 8K2A99..... \$ 2.99**  
**#108-006-010AS Firearms Record, per 10, 8K24G99..... 24.99**

## BROWNELLS REPAIR RECORD/INVOICE

Neat, Easily Filled Out, Easily Filled Form Organizes Your Repairs

Two choices of gunsmith-designed forms for recording incoming repairs and tracking them through the billing process. Both styles have plenty of room to note requested repairs, work performed, and special notes by the gunsmith. Also includes space for gun and owner info and check-off blocks for items left with the gun (sling, lens covers, scope, etc.).

Modern impression paper makes a duplicate copy without the mess of carbon paper. Plenty of room at the top to print or stamp your store or shop logo.

**2-PART FORM** - 2-part form has one copy for your customer and one that stays with the gun for your records. Blank space for the job number allows you to use this form with the Brownells Gunsmith Claim Checks. Simply record the number provided on the claim check in the blank spot on this form. Standard, 8 1/2" x 11" size.

**SPECS:** 8 1/2" (21.6cm) x 11" (27.9cm) overall. Available in quantities of 100 and 500.  
**#084-188-100AS 100 2-Part Forms, 4H20L90..... \$ 24.99**  
**#084-188-500AS 500 2-Part Forms, 4H68P79..... 79.99**

**3-PART FORM** - All-in-one, 3-part form includes has one copy for your customer, one for your bookkeeper, and one to stay with the gun. Each form is consecutively numbered for easy job tracking. Compact 5 1/2" x 9 1/8" size, and punched to fit a 2-ring clipboard with standard 2 1/4" hole spacing.

**SPECS:** 5 1/2" (14cm) x 9 1/8" (23.8cm) overall. Supplied with twist ties and instructions. Available in quantities of 100 and 500.  
**#084-088-100AS 100 3-Part Forms, 4H20F90..... \$ 24.99**  
**#084-088-500AS 500 3-Part Forms, 4H68M79..... 79.99**
