

Dewey Cleaning Rods

Dewey cleaning rods are a favorite with competition shooters in all disciplines. The coating on Dewey rods is tough and expertly applied. We include a jag and brush adapter (where needed) with all Dewey rods. We have added the .20 caliber rods recently - they are also the perfect rod for your .22 rimfire rifles. .17 to .20 caliber rods are hardened, polished stainless steel and are not coated. Rod lengths do not include handle.

Copper Eliminator rods have the same tough outer coating and ball-bearing smooth rotating handle as standard Dewey rods, with a difference. These rods have an 8-32 female threaded aluminum ferrule that won't react with ammonia based solvents. Each rod is supplied with an aluminum male threaded Copper Eliminator jag.

Dewey Pistol Rods

Dewey makes two short rods designed for cleaning short barrel handguns. They are small enough in diameter to use for .22 caliber pistols, but due to their short length they are stiff enough to use for large pistol calibers. These coated rods use Dewey male threaded pistol jags. Available in 6" and 9" usable length. Regular 8-32 male thread jags (this page) and pistol brushes (page 138) will thread directly onto the rod.

#749-003-506ST Dewey Pistol Rod - 6" **\$22.95**
 #749-003-507ST Dewey Pistol Rod - 9" **22.95**

Dewey Pierce-Style Jags

These jags can be used to pierce the patch but also can be used as a wrap style jag. All male jags are 8-32 threads except .17 cal. and .20 cal. (5-40 threads). Available in male or female threads for most calibers. Female .22 cal. through .26 cal. jags fit Dewey .22 cal. rods only. .270 cal. jags and up fit .30 cal. Dewey rods only.

Dewey Copper Eliminator Style Jags

Male-threaded 8-23 aluminum jags are designed for use on Copper Eliminator rods, and can be used on other rods with 8-32 female threads. .17 and .20 caliber have 5-40 threads. Female-threaded jags extend some of the benefits of the Copper Eliminator system to standard Dewey nylon-coated rods. .22, .24, and 6.5mm caliber jags fit male rods with 8-36 threads. .30 caliber/8mm jag fits male rods with 12-28 threads.

Sinclair Pierce-Style Cleaning Jags

Sinclair pierce style jags are preferred by shooters in many disciplines. Our jag completely pierces and captures the patch while it passes through the bore. Patches fall off upon exiting. Sinclair jags are female threaded (compatible with Dewey rods) in a kit containing jags for: .22, 6mm, .277/7mm, and .30 caliber.

Bore Tech Proof-Positive Rifle Jags

Want proof your barrel is clean? Then start using Proof-Positive Jags. Instead of using traditional brass jags that tend to leave behind "blue-colored" copper fouling, Bore Tech uses a proprietary heavy-duty alloy jag that has excellent tensile strength and features a special coating that seals the jag to protect it against harsh chemicals and makes it 100% barrel safe. Eliminating brass with a Proof-Positive Jag will not only give you a cleaner rifle bore, but you'll save time and money by cutting back on wasted patches and chemicals. Proof-Positive Jags are precision machined to strict tolerances to provide true, concentric pressure on barrel surfaces. Get excellent cleaning results by using Proof-Positive Jags with Bore Tech's Bore Stix.

Montana X-treme Rifle Cleaning Rods

Montana X-treme cleaning rods are made from high-grade spring steel, so they'll push through tough fouling without bending. Dirt and grit won't cling to the proprietary, nonembedding coating for extra protection to the bore of your prized rifle. The machined aluminum handle is slim enough to avoid contact with the stock when cleaning from the breech, while still comfortable and easy-to-grasp for excellent control. Bearings at each end of the handle let the rod rotate smoothly to keep the jag or brush fully in contact with the rifling. Color-coded handles help you make sure you pick up the correct-caliber rod. Each rod has a soft aluminum ferrule at the threaded end to help protect the breech or muzzle from damage.

Pro-Shot Premium Stainless Steel Cleaning Rods

Pro-Shot Products has taken extra steps in their manufacturing process to build some of the finest cleaning rods in the world. Each Pro-Shot cleaning rod has a hard, dense, mirrorlike finish that prevents the rods from picking up abrasive grit or dirt and carrying it into your bore. Pro-Shot burnishes (micro polish) every rod in addition to their centerless grinding process.

These rods are extremely strong and will last for years. The stainless steel will handle the harsh chemical reaction that many of today's solvents have with coated rods. All rods (except for .17 and .20 caliber) are female threaded for 8-32 accessories including jags and brushes. The .17 and .20 caliber rods have 5-40 threads.

Fitted with a comfortable machined, anodized aluminum handle. Rod lengths do not include handle.

Bore Tech Proof-Positive Nylon Brushes

Bore Tech understands the need for premium quality nylon brushes, which is why they have constructed these "double wound" Proof-Positive Nylon Brushes that feature superior construction and materials. These brushes have twice as many bristles as competing brands to double the scrubbing action and shorten the cleaning process.

Features oversized bristles for added strength, and non-brass cores and couplers that prevent the appearance of copper fouling remaining in your bores. The .17 and .20 caliber rifle brushes are 1" shorter in length to reduce the force needed to push the brush through and prevent barrel damage. For best results use Proof-Positive Nylon Brushes with fast acting copper cleaners like Bore Tech's Eliminator and CU+2 Copper Remover. 3 brushes per pack.

Iosso Nyflex™ Bore Brushes

Tough, long-lasting bore brushes thoroughly clean handguns, rifles and shotguns. Distinctive blue Nyflex bristles flex more than bronze, letting you scrub back and forth without fear of getting the brush stuck in the bore. Easily scrubs out all types of fouling, and the brass wire brush core won't scratch the bore. Handgun and rifle brushes have 8-32 male threads, and shotgun brushes have 5/16-27 male threads. Sold as single brushes.

Bore Tech Proof-Positive Bore Stix

The new Bore Tech Proof Positive Bore Stix feature a proprietary alloy tip which eliminates any false indication of copper fouling in your bore. This paired with a new chemically resistant coating make the Proof Positive rods some of the finest available. Proof Positive Bore Stix feature caliber-specific steel cores with a cushioned ball bearing handle, which effortlessly follows your barrel rifling. The ergonomic, cushioned handle prevents any damage to your rifle stock. Proof Positive Jags sold separately. Here's a list of Proof Positive Bore Stix features:

- Proprietary alloy and secondary treatment process eliminates false copper reading
- As soft and safe as brass with exceptional strength to prevent damage during use
- Female ended ferrule is machined to provide an edge-free transition between rod and Proof Positive Jag. Eliminates the need for adaptors.
- Highly advanced rod coating that provides anti-wear characteristics and prevents debris from embedding
- Ergonomic, cushioned handle with an unparalleled ball bearing system

Sinclair Cleaning Rod Wall Bracket

Our Sinclair Cleaning Rod Wall Mount Bracket lets you store up to six cleaning rods on the wall, out of the way but always ready at hand. This bracket accepts cleaning rods from Dewey and a number of other cleaning rod manufacturers in the marketplace today. Specially designed to accommodate cleaning rods stored in our Sinclair Cleaning Rod Cases and Brackets.

#749-011-508ST Sinclair Cleaning Rod Wall Mount Bracket **\$21.99**

Sinclair Cleaning Rod Pliers

Our Cleaning Rod Pliers are designed for tightening jags, brushes, adapters, etc., to your cleaning rod. They have two different-sized notches in the jaws, so they'll work on 17 caliber thru the larger 35 caliber and up rods. These pliers are made of a special soft alloy that won't mar the rod ferrule or accessory like normal steel pliers will do. To protect your rod, they are designed to break if excess pressure is applied. Like all our products, they're guaranteed for life, so if that ever happens, just return for a replacement. Soft vinyl handles give you a secure grip. We prefer using two pliers - one to hold the implement and one for the cleaning rod.

#749-011-506ST Sinclair Cleaning Rod Pliers - 1 pair **\$8.95**
 #749-011-507ST Sinclair Cleaning Rod Pliers - 2 pair **16.95**

Sinclair Cleaning Rod Stops

Great for short stroke cleaning applications when using J-B Bore Cleaner and other paste type cleaners. The stops prevent patches from coming out at the muzzle. Many shooters use them when treating a barrel with a bore conditioner. Three sizes available to fit Dewey and most other cleaning rods. Small stop fits 22/30 caliber rods, large stop fits 27/30 caliber rods, and the X-Large stop fits 35 caliber rods.

#749-000-267ST Sinclair Cleaning Rod Stop - Small **\$3.95**
 #749-000-266ST Sinclair Cleaning Rod Stop - Large **3.95**
 #749-000-230ST Sinclair Cleaning Rod Stop - X-Large **3.95**

TK Products M1 Buddy

The M1 Buddy solves many of the problems associated with cleaning M1 and M14/M1A rifles. It keeps the bolt securely locked back for cleaning to prevent it from slamming shut unexpectedly on fingers or equipment. Made of molded, solvent-resistant polymer, the Buddy also helps keep solvent and debris from falling into the action during cleaning. There is even enough built-in clearance to use the GI ratcheting chamber brush with the M1 Buddy in place. Once you try it you won't want to clean your Garand or M1A/M14 without one!

#100-007-592ST TK Products M1 Buddy **\$13.95**

Sinclair Cleaning Rod Cases

Our Sinclair Rod Cases are available for Dewey, Bore Tech, and Pro Shot Rods. Great for safe storage and transport. Cases are powder coated aluminum tubing with Delrin™ locking collars and nylon thumbscrews. You can put two rods together using our bracket set to make a double rod holder. Buy two rod cases and brackets in a set and save.

Rod cases are 48" long to accommodate 44" rods with a jag or brush installed, but can be shortened easily using a hacksaw or tubing cutter.

#749-002-939ST	Dewey Cleaning Rod Case - Single	\$24.99
#749-006-102ST	Dewey Rod Case Set	59.99

\$ SAVE when you purchase two rod cases and brackets in a set

Super Brush Bore-tips™

Bore-tips are a convenient, all-in-one replacement for traditional jags and patches. They feature plastic adapters that fit threads commonly found on cleaning rods, and are reusable up to five times. Bore-tips tightly fit the bore for thorough cleaning, and the spongy foam absorbs solvents and oils for uniform application. Stands up to most cleaning chemicals. Pistol and rifle Bore-tips have 8-32 male threads; shotgun tips have 5/16"-27 male threads. **Note: .45 caliber Bore Tips will not fit .44 caliber barrels.**

Rapid-Rod Cleaning Rod

Rapid-Rod is a collapsible, pocket sized aluminum cleaning rod designed to be carried in the field to remove bore obstructions. The innovative design allows the entire rod and jag set to fold into a 4 1/2" cordura case (included) which weighs just 2 oz. The rod can be used to clean 22 cal. and up rifle barrels and 20 to 10 gauge shotgun bores. A twist of the handle snaps the rod straight and a stainless steel cable holds it rigid.

#749-003-055ST Rapid-Rod Cleaning Rod **\$19.95**

Otis MSR/AR Cleaning System

Otis's MSR/AR Cleaning System is designed to be an all-in-one cleaning solution for your .223/5.56 AR-15. Use it at the range or in the field without disassembly for quick touch-ups or at home for a thorough breech-to-muzzle cleaning. Kit features Otis's B.O.N.E. (Bolt Operational Necessary Equipment) Tool* for servicing the bolt, 8" and 30" Memory-Flex* cleaning cables, two Mongoose* brush/swab combos, a chamber brush, .22 cal slotted tip, and a 1/2 oz. tube of O85 Ultra Bore* solvent. All packaged in a durable nylon carry case you can attach to your belt, the kit also has an assortment of brushes, scrapers, cleaning patches, and picks – virtually everything you need keep your AR clean.

#668-000-109ST MSR/AR Cleaning System

\$56.99

Otis 3-Gun Competition Cleaning System

Otis set up this cleaning kit specifically for 3-gun competitors, so they'd have one ultracompact kit to clean a .223/5.56mm rifle, 9mm/40/45 pistols, and a 12 gauge shotgun. Everything you need to keep these popular 3-gun firearms running smoothly is included in this surprisingly well-equipped kit. Ranging from Otis's famous O85* Ultra Bore Solvent* and caliber-specific slotted tips to cotton patches and an assortment of brushes, picks, and scrapers – it's all here. At home or between courses during the competition, this kit is ready to go. Fits in any gear bag – or even on your belt.

Sinclair Chamber Plugs

Plugs are not designed for use in rifles such as the AR-15 where solvents will escape through the gas hole

This unique product seals the chamber and bore to prevent solvents and oils from running back into the action when the rifle is left in an upright position. For heavily fouled barrels, we use these plugs to seal the chamber and then fill the barrel with our favorite solvent. Then we let the barrel sit for a while. If left overnight, you should seal the muzzle end with tape to prevent evaporation. Make sure you fill the barrel all the way to the muzzle end. If storing guns for a long time, these plugs can keep rust preventative agents and oils from seeping down into the action and trigger group area. Oil and debris washed in with excess solvent harms more triggers than just about anything. Replacement O-rings come in packs of 5.

Sinclair Stock Boots

This protective stock boot is a product we use every time we clean. The stock boot is of a two layer construction with a cloth exterior to absorb any spilled or dripped solvents and a vinyl interior to prevent any solvents from penetrating the cloth and getting through to the stock. Small size is for new straight benchrest stocks such as Scoville, TM, and Kelby Club.

Dewey Brass Muzzle Guides

These brass guides protect the crowns of firearms that have to be cleaned from the muzzle. Place the guide on your cleaning rod, start your patch or brush into the barrel, and then slide the guide down into the muzzle. The guide has an O-ring to keep the brass guide cap off of the crown. There is plenty of clearance on the inside diameter of the guide to use any type of cleaning rod (Dewey, Parker Hale, Pro-Shot, etc.). Great for lever actions.

Bore Tech Patch Hog

This is Bore Tech's original patch and solvent collection system that removes all the fuss and muss of cleaning far behind. The Patch Hog was invented to eliminate the mess and neutralize odors associated with cleaning firearms. With the Patch Hog you'll never touch a dirty patch again. Plus, say good bye to smelly trash cans. The Patch Hog simply slips over the muzzle of any firearm and fastens securely with a scratchresistant rubber washer. The star washer grips up to 2" dia. barrels, and fits over iron sights. Next, screw on a plastic soda or water bottle to the threaded end to catch your spent patches. Just unscrew the bottle from the Patch Hog and screw on the old lid when you're done and throw it away—that's it.

- | | |

MuzzleMate™

This cleaning patch and solvent spray collecting container fits virtually all rifles, shotguns, pistols, and even muzzleloaders. Every shooter cleans his firearms and has to deal with the odors and mess of using solvents, brushes, and patches. The MuzzleMate clamps

onto the barrel using the self-centering barrel clamp. As the jag or brush exit the muzzle the MuzzleMate container captures dirty patches, solvent spray from the brush, and solvent residue. When you are finished cleaning simply empty the MuzzleMate into the trash. The solvent odors and mess are contained to protect you and your floors and walls. You would be amazed at how dirty contaminated solvent is sprayed everywhere when the brush exits the muzzle. This dirty spray can get all over your sights and scope lenses.

Cleaning Rod Guides

Sinclair Centerfire Cleaning Rod Guides (Bolt Actions)

Our Centerfire Cleaning Rod Guides are designed to insert into your action in place of your bolt or bolt carrier. They feature a snout with a silicone O-ring that inserts into your chamber, sealing the barrel off from the receiver. The O-ring prevents solvents from leaking back into the action area and gumming up the trigger assembly. We currently stock O-ring rod guides for over 1,000 different action/cartridge combinations. Each rod guide is machined to fit specific actions and cartridge families from .17 up to .338 caliber. Unfortunately some rifle chamberings do not lend themselves to an O-ring style rod guide, for these cartridges we recommend one of our Adjustable Cone Style Rod Guides (see page 139).

In an effort to better serve the cleaning needs of our customers, we have upgraded our Sinclair O-ring rod guides to include integral solvent ports. This upgrade is now included with every centerfire bolt action rod guide and nearly all AR-style rod guides. If you prefer a rod guide without an integral solvent port, please contact us via e-mail or phone and we will happily provide you with a rod guide to your liking. These rod guides without solvent ports will be treated as custom, so please allow 4-6 weeks for delivery of rod guides without solvent ports. There is no additional charge for rod guides without integral solvent ports.

If we do not inventory a rod guide for your specific action/cartridge combination, we can probably make it. These non inventoried rod guides are considered custom rod guides and are a few dollars extra, please allow 4-6 weeks for custom rod guides.

When ordering rod guides, you must give us the action manufacturer, action model, and cartridge. If ordering for an action other than Remington, Winchester, Ruger, Savage, Browning, or Mauser, please have the bolt diameter available to .001".

Sinclair Centerfire Cleaning Rod Guides **\$18.95**

Sinclair Specialty Rod Guides

We make specialty rod guides for the AR family of rifles (AR-15, AR-10/SR25, and HK-91) and the Ruger 77/22 Hornet. The AR family rod guides are the O-ring style, while the Ruger 77/22 Hornet is one of our rimfire type rod guides. Our Sinclair Solvent Port is a great accessory to these guides. Includes new integral solvent port.

Sinclair Centerfire Rod Guides for Single Shot Rifles

These rod guides fit most falling blocks such as Ruger #1's, Browning 78's, High Walls, Low Walls, etc. The rod guides have a snout that inserts directly into the chamber and controls the cleaning rod. These rod guides are cartridge family specific and will accept Sinclair Solvent Ports. Please specify cartridge when ordering. Rimless cartridges only.

Rimfire Rod Guides

We have a large assortment of rod guides that we make for popular target/varmint rimfire rifles and are constantly adding more models to our selection. Rimfire guides can't have an O-ring due to the dimensions we are working with. Making rod guides to allow you to clean from the breech on rimfires

is a little more complex due to the ejectors and trigger parts that are in the way. All of our rimfire rod guides will accept our Sinclair Solvent Ports, except for the Anschutz Model 54 guide. Does not include integral solvent port.

Each **\$16.95**

Sinclair Adjustable Rod Guides

The Sinclair Adjustable Coned-Style Rod Guides are ideal for the shooter with multiple rifles. Three different rod guides cover calibers from .17 caliber thru .416 caliber and work in most rifle actions. Each Sinclair Adjustable Rod Guide features an anodized aluminum tube with machined Delrin™ fittings. The coned chamber fitting aligns and seats in the chamber opening to make sure your cleaning rod is centered with the bore and that solvents don't leak back into the action. The solvent port fitting has a generous opening with a tapered approach to make solvent application to your brush or patch an easy task. The adjustable bolt collar has a threaded brass locking pin that allows you to lock the rod guide solidly in place in almost any length action. A standard bolt collar is included with each Sinclair Adjustable Rod Guide that will fit standard diameter actions (Remingtons, Winchesters, Rugers, Browning, Savage, Mauser). For all other actions please measure the bolt diameter to .001" and specify when ordering.

The two Sinclair Adjustable Rod Guides that cover 17 thru 25 caliber and 6.5mm thru 30 caliber include the rod guide, solvent port, and coned chamber fitting. The Multi-Purpose Sinclair Adjustable Rod Guide includes the rod guide, solvent port, and three coned chamber fittings that will allow you to clean 17 caliber thru 416 caliber. We recommend buying the smaller size rod guides if you don't need the larger caliber capacity. The smaller size guides provide better control of the cleaning rod as the inside diameter of the main tube is a closer fit with the diameter of the rod.

See O-ring Snouts (Above Right)

Sinclair O-Ring Snouts for Adjustable Rod Guides

These O-ring snouts are an upgrade to our Adjustable Rod Guides (shown at left) to give you an even better seal in the chamber. These snouts are of the same design as the snouts on our solid Delrin™ one-piece rod guides. Currently available in select cartridge family sizes (both short and long action) for our 17 thru 25 caliber and 6.5mm thru 30 caliber All-Purpose Rod Guides. See chart below or ask a sales representative for assistance when ordering. Snouts also fit the older Stoney Point small and medium rod guides.

Sinclair Two-Piece Bore Guide

Our two-piece bore guide system helps the shooter get the best possible alignment of the cleaning rod to the bore by using a guide within a guide. The guide body goes into the action and seals the chamber with an O-ring, like a traditional bore guide. A separate guide slides into the rear of the guide body to provide a slip fit for the cleaning rod. The tight-fitting, 8" insert prevents the rod from flexing and keeps it centered, so it will not contact the rifling while you clean.

Choose the guide body to fit the cartridge your rifle is chambered for, then select the insert with the inside diameter that fits your rod. For example, to clean a Remington 700 in .22-250, choose the Standard guide body (fits .308, .243, .30-06, .22-250, etc.) and add the .22 caliber insert to fit your .22 caliber rod. A 700 in .223 would need the small guide body (.222, .223, etc.) to fit the smaller chamber, but uses the same .22 insert to fit the rod. Both guide body and insert are machined from Delrin with rubber O-ring seals to prevent solvent from getting into the action. Bore guide bodies are made to fit the Remington 700 and other rifles with .700" diameter bolts.

Cleaning Rod Guides

Sinclair Solvent Port

A Sinclair solvent port permits the user to apply solvent to a brush, patch, or mop without getting it all over the rifle or their work area. Our solvent ports plug into the end of your "old style" Sinclair cleaning rod guides and seal with a silicone O-ring. Each solvent port has an opening where you can apply solvent directly onto the cleaning implement being used. One size port for .17 caliber thru 6.5 mm rod guides, a second size for .270 caliber up to .30 caliber and a third size for 8mm and 338 caliber. These solvent ports will fit all Sinclair Rod Guides except for RG4A54 and RG4A5417 rimfire guides.

For use with Sinclair O-Ring Style Rod Guides that do not include an integral solvent port. Also works with Sinclair Rimfire, T/C, and Single-Shot Rod Guides.

| #749-000-767ST | 8mm - .338 Caliber | 6.95 |

Sinclair Service Rifle Receiver Port

This cleaning aid is designed for service rifles chambered in 243 Win, 308 Win, and 30-06 (M1, M1A, and M14). This receiver port inserts into your action and plugs the chamber just like a rod guide. Solvents are prevented from running down into the trigger group and into the bedding. It can also be used as an access port to apply more solvent prior to pulling your brush back through the bore. This receiver port also keeps the bolt in the open position and prevents you from ramming your brush or jag into the bolt face.

O-Ring Replacement Kits

The O-rings on Sinclair bore guides, snouts for Sinclair All-Purpose Rod Guides, Solvent Ports and Chamber Plugs should be replaced occasionally because solvents and use eventually wear them out. We use three sizes of O-rings only, so having some spares on hand is not expensive. We sell them two ways: in 10 packs with a handy little tool that makes it super easy to install a new ring, or in 5 packs of just the rings (once you have the tool). 17 caliber and 222/223 family components use the same size rings but require a different installation tool, so they are sold in two separate kits. The two larger size O-rings can be installed fairly easily without the tool, though it makes installation so much easier that we think it's well worth the small extra investment. See the listing for Chamber Plugs on page 145 for the replacement chamber plug O-rings.

T/C Contender and Encore Rod Guides

This Sinclair rod guide is the only one of its kind for Contenders and Encore handguns/rifles. This rod guide protects the cleaning rod and throat of your barrel. Easy to use, this rod guide is inserted into the chamber and then turned to lock into place behind the extractor. Available for most T/C barrels that are chambered for bottleneck cartridges. Accepts our Sinclair Solvent Port. Not for Icon™ rifles.

Sinclair SCAR 16 Rod Guide

We custom-designed this O-ring-style rod guide specifically for the SCAR 16S, the semi-auto 5.56x45-chambered civilian version of the FN's Special Operations Forces Combat Assault Rifle. It uses a fixed rectangular Delrin bolt collar designed to fit inside the SCAR action, with an aluminum tube and a machined Delrin solvent port. A must-have item for cleaning your SCAR quickly, thoroughly, and without risk of damaging the breech or chamber.

Bore Tech Proof-Positive Nylon Brushes

Bore Tech understands the need for premium quality nylon brushes, which is why they have constructed these "double wound" Proof-Positive Nylon Brushes that feature superior construction and materials. These brushes have twice as many bristles as competing brands to double the scrubbing action and shorten the cleaning process.

Features oversized bristles for added strength, and non-brass cores and couplers that prevent the appearance of copper fouling remaining in your bores. The .17 and .20 caliber rifle brushes are 1" shorter in length to reduce the force needed to push the brush through and prevent barrel damage. For best results use Proof-Positive Nylon Brushes with fast acting copper cleaners like Bore Tech's Eliminator and CU+2 Copper Remover. 3 brushes per pack.

Sinclair Rifle and Pistol Brushes

Sinclair bronze and nylon bore brushes are manufactured significantly larger than bore diameter to fit your barrel properly and have a closed loop on the end. Many other brushes are undersized and don't do an adequate job of scrubbing the barrel. Dozen quantity brushes are in zip close bags.

Our nylon bore brushes have extremely stiff, heavy bristles which provide excellent scrubbing action in your rifle's bore. Ammonia and oil based cleaners will not "eat" or dissolve these bristles as they do bronze brushes. The nylon pistol brushes are about 1" shorter than the rifle brushes. Brushes except 17 cal. and 20 cal. are standard 8-32 male thread.

MTM Jag and Brush Box

This jag and brush box from MTM will keep your jags, brushes, bore mops and adapters organized and conveniently available. Rummaging around in a big shooting box to find a brush is no fun at all. This divided box is made of solvent impervious polypropylene in clear. Many shooters have one box for each rifle or caliber.

#749-000-268ST MTM Jag and Brush Box \$3.95

Dewey Copper Eliminator Bore Brushes

These brushes feature stiff nylon bristles wrapped in an aluminum core and male-threaded coupling. The absence of brass in their construction eliminates the false positive indications of copper fouling that can occur when using ammonia-based solvents with brass core brushes plus, the nylon bristles are gentle on the rifling. .17 and .20 caliber brushes have 5-40 threads and can be used to get some of the benefits of the Copper Eliminator system with your existing small-caliber rod. The .22 caliber and larger brushes have 8-32 threads for use with Copper Eliminator rods. Sold in 3 and 12 packs.

Bore Mops

Our bore mops are 100% cotton with solid brass twist cores. These mops can be used to apply solvents or rust preventative agents to the bore. They can also be used to remove excess solvents in lieu of using several patches. We clean our mops and reuse them several times. The larger sizes are great for cleaning chambers.

M1/M1A Chamber Brushes

These chamber cleaning brushes are designed to remove the burnt powder fouling which forms in the chamber of M1A, M14 rifles and M1 Garand rifles. Easy to use, apply solvent to the brush, push the brush into the chamber, close the bolt on the back of the brush, and rotate the brush with a punch or screwdriver in the ratchet holes of the brush. Pull back while ratcheting the brush to remove it.

#749-000-782ST	M1A Chamber Brush	\$6.95
#749-000-770ST	M1 Garand Chamber Brush	6.95

Gun Maintenance & Cleaning

A new shooter can easily become bewildered by the large selection of solvents. All of the solvents we carry will work to clean your rifle. Some work better than others for removing copper while others attack both copper and powder fouling equally well. I have seen Hall of Fame Benchrest shooters argue over the merits of one solvent vs. another, but all of these shooters continue to shoot well as long as they have a clean gun. Even shooters at our company use different solvents. I have changed solvents 4 times in the past 16 years. We will be glad to give you our opinion on cleaning solvents, but inevitably it ends up being a choice of what you feel works best for you.

Sinclair Solvent Bottles

Our plastic solvent bottles are invaluable for the storage and application of your cleaning solvents. Each of our two bottles comes with an applicator flip-snout cap and a solid cap for storage.

The Sinclair Tall Solvent bottle is high-density polypropylene which we have fluorinated to resist even the strongest ammonia and oil based products. The bottle measures 5" tall x 1 7/8" in diameter and holds 4 ozs. of solvent.

Our Sinclair Short Solvent bottle is also high-density polypropylene but it is not fluorinated. Many shooters prefer it for their cleaning boxes because of its lower 4" tall x 2" in diameter profile, this bottle also holds 4 oz. of solvent.

Flitz Bore Cleaner

Flitz Bore Cleaner safely removes copper, lead, and powder fouling, plus wad plastic, rust, and corrosive ammunition residue to maintain accuracy in your firearm. It's safe for factory gun bluing and won't discolor the finish on stainless steel or nickel-plated firearms. Environment-friendly; uses no ammonia and is non-abrasive and non-flammable.

#100-011-179ST Flitz Bore Cleaner - 7.6 oz. **\$12.79**

KG Systems KG-12 Big Bore Cleaner

Originally developed to clean copper fouling from large-bore military weapons, KG-12 removes the toughest copper fouling from your bore without damage. Cleaning time is reduced because KG-12 contains no ammonia that needs a separate neutralizer. 4 oz. squeeze bottle.

#749-012-837ST KG-12 Big Bore Cleaner - 4 oz. **\$11.99**

Wipe-Out Aerosol Brushless Bore Cleaner

Brushless aerosol (foam) bore cleaning is an easy alternative to brushing and patching with a cleaning rod. Wipe-Out foam will remove copper fouling, carbon fouling, powder fouling, corrosives and moly build-up without brushing the bore. This product does require some sitting time to work - 60 minutes to overnight. Will not harm modern stock finishes, but will remove older shellac, varnish or oil finishes. Odorless and contains no acids or ammonia, prevents rust after cleaning. Available in 5 oz. aerosol can.

Aerosol products must be shipped by UPS Ground only.

#749-001-604ST Wipe-Out Aerosol Brushless Bore Cleaner **\$10.95**

Wipe-Out Liquid Accelerator

Accelerator is not a cleaner by itself, but is formulated to speed up the fouling removal reaction of Patch-Out Bore Cleaner. Thorough cleaning with Patch-Out and Accelerator can be accomplished in as little as 15 minutes, with no brushing of the bore. Do not use Accelerator with any other cleaning products, but this product is completely safe when used with Wipe-Out or Patch-Out. Available in 8 oz. flip top bottle.

#749-001-053ST Wipe-Out Liquid Accelerator **\$7.95**

Patch-Out Liquid Brushless Bore Cleaner

Patch-Out is a stronger, faster acting form of Wipe-Out bore cleaner. It is designed to be used with patches (not bronze brushes) and will reduce the sitting time required with the Wipe-Out foam cleaner, but Patch-Out liquid still requires some time for the fouling removal reactions to take place. Safe for all firearm steels, contains powerful anticorrosives to prevent rust, but no acids or ammonia. Harmful to shellac, linseed oil, tung oil or lacquer stock finishes. 8 oz. flip top bottle.

#749-001-605ST Patch-Out Liquid Brushless Bore Cleaner **\$10.95**

Butch's Bore Shine

Butch's Bore Shine is a very good bore cleaning solvent. Formulated by a longtime competitive benchrest shooter to remove powder fouling easily, especially in the throat area. It removes copper fouling without being abrasive, and it can be used to soak a barrel for an extended period of time. Works very well. Follow up with Butch's Gun Oil.

#539-000-002ST	3.75 oz. Butch's Bore Shine	\$8.49
#749-002-106ST	Butch's Bore Shine - 8 oz.	13.99
#749-003-121ST	Butch's Bore Shine - 16 oz.	22.99

Shooter's Choice

Shooters have used and trusted Shooter's Choice for years. It is a good solvent for cleaning rifles and handguns. Aggressively attacks copper, lead, and powder fouling and can be used on brushes and patches. After use, we suggest following up with a good oil or rust preventative solution. Available in 2 oz., 4 oz., 16 oz., or 1 gallon containers.

#934-000-004ST	2 oz. Shooter's Choice	\$6.19
#934-007-004ST	4 oz. Shooter's Choice	7.89
#934-007-016ST	16 oz. Shooter's Choice	23.99
#934-000-002ST	1 Gallon Shooter's Choice	97.99

Montana X-Treme™ Bore Cleaner

Copper and powder fouling are removed completely and quickly with Montana X-Treme. Brushes should be neutralized after use as with any solvent containing ammonia. The folks from Montana X-Treme state that this solvent can be left in rifle barrels with absolute safety, and that soaking barrels with Montana X-Treme is fine. We suggest following any cleaning with a good non-Teflon bore oil.

#100-005-019ST	6 oz. Bore Solvent	\$8.99
#100-005-020ST	20 oz. Bore Solvent	21.99

TM Solution

This solvent contains no ammonia products and aggressively attacks powder fouling as well as it does copper fouling. Many of the good copper solvents don't focus on the powder fouling, which can be even more detrimental to your barrel. We use this solvent on all types of rifles, high power, bench guns, hunting rifles, etc., and have found no traces of any remaining copper fouling. Petroleum products are intentionally left out of this solvent because they detract from the cleaning effectiveness, so make sure you follow up with a good gun oil. This solvent works extremely well.

#100-004-640ST Bore Cleaner, 4 oz. **\$7.99**
 #100-004-641ST Bore Cleaner, 16 oz. **22.99**

Pro-Shot Copper Solvent IV

Pro-Shot's new Copper Solvent IV is a new generation, environmentally friendly, synthetic formula which removes copper and powder fouling quickly and safely. Testing by Pro-Shot indicates that the ion activated additives in Copper Solvent IV will bond with and release the copper ions in your barrel. Pro-Shot suggests using bore brushes and patches with this solvent, and the rust preventative properties remain after the bore is patch dried. Available in 8 oz.

#749-001-017ST Pro-Shot Copper Solvent IV - 8 oz. **\$9.99**

Hoppes No. 9 Bore Solvent

Hoppe's famous #9 cleaning solvent is formulated to remove powder, lead, and copper fouling.

#749-000-635ST Hoppe's No. 9 Nitro Solvent - 5 oz. **\$5.99**
 #749-001-596ST Hoppe's No. 9 Nitro Solvent - 16 oz. **12.99**

Hoppe's Benchrest No. 9 Copper Solvent

Benchrest 9 is a more aggressive formulation of the old standby No. 9 Solvent. This solvent will remove copper, lead, powder and plastic wad fouling from all firearm bores safely and quickly. Hoppe's recommends soaking barrels wetted with Benchrest 9 solvent overnight for easiest results. Contains kerosene and is flammable.

Hoppe's Benchrest No. 9 Copper Solvent - 5 oz. **\$8.49**
 #749-000-793ST Hoppe's Benchrest No. 9 Copper Solvent - 16 oz. **\$19.99**
 #749-002-915ST

Bore Tech Eliminator

This cleaner is free of ammonia, ammonia salts and petroleum distillates. Eliminator removes copper, lead, carbon, powder and plastic wad fouling quickly and effectively.

#509-000-021ST 4 oz. Eliminator **\$13.99**
 #509-000-027ST 16 oz. Eliminator **24.99**

Bore Tech Moly Magic

Bore Tech Moly Magic is designed to assist in the removal of molybdenum disulphide build-up in your rifle bore (moly). When exposed to high temperature and pressure, moly breaks down and causes a corrosive sulfuric acid byproduct which is very difficult to remove. This can significantly reduce accuracy and harm your barrel. Moly Magic is not a bore cleaner - it should be used in conjunction with a bore cleaner, such as Bore Tech Eliminator to achieve proper cleaning results.

#749-101-564ST Bore Tech Moly Magic, 4 oz. **\$14.99**

Pro-Shot 1-Step Cleaner and Lubricant

Pro-Shot 1-Step Cleaner and Lubricant Pro-Shot's new 1-Step formula cleans bores fouled with lead, copper, powder and plastic wad fouling and lessens repeat fouling and residue buildup. Contains special additives which lubricate and provide a corrosion barrier for superior rust protection. 1-Step is a proprietary, non-hazardous, environmentally friendly formula which should be used with patches and bore brushes. Easy one-product cleaning and lubricating. Available in 8 oz.

Pro-Shot 1-Step Cleaner and Lubricant - 8 oz. **\$9.99**
 #749-001-035ST

Sweet's 7.62 Solvent

This is a very high strength copper fouling remover. It is intended for patch use or nylon brushes. Use Sweet's after normal cleaning to remove stubborn copper deposits. We do not recommend letting Sweet's remain in your barrel for over 20-25 minutes at a time. Available in 6.75 oz.

#749-102-005ST Sweet's 7.62 Solvent - 6.75 oz. **\$10.95**

Barnes CR-10 Bore Solvent

This heavy-duty copper cleaner attacks stubborn copper and powder residue. You can use it as your regular cleaner but we recommend it primarily for use on hard to remove copper deposits. Comes in an 8 oz. bottle.

#749-001-378ST Barnes CR-10 Bore Solvent - 8 oz. **\$8.49**

Montana X-Treme™ Bore Cleaner

Copper and powder fouling are removed completely and quickly with Montana X-Treme. Brushes should be neutralized after use as with any solvent containing ammonia. The folks from Montana X-Treme state that this solvent can be left in rifle barrels with absolute safety, and that soaking barrels with Montana X-Treme is fine. We suggest following any cleaning with a good non-Teflon bore oil.

#100-005-019ST 6 oz. Bore Solvent **\$8.99**
 #100-005-020ST 20 oz. Bore Solvent **21.99**

Montana X-Treme™ Copper Killer 50 BMG Solvent

Montana X-Treme Copper Killer is probably the strongest ammonia based copper remover solvent on the market today. The folks at Montana X-Treme report Copper Killer to be completely barrel safe, and it contains no amines, acids or chlorides. This solvent removes copper fast, and is perfect for heavily copper fouled rifles. The high ammonia content will react with bronze bristle brushes, so they should be neutralized after brushing. Nylon bore brushes could be a good alternative for this solvent. Cleaning with Copper Killer should be done outside or in a well ventilated location. This is a really heavy duty copper solvent.

#100-005-021ST 6 oz. Copper Killer **\$10.49**
 #100-005-022ST 20 oz. Copper Killer **25.99**

Carb-Out Liquid Carbon Remover

Hard carbon fouling has always been a difficult cleaning problem, usually involving abrasive cleaners and lots of short-stroking the bore or throat area. Carb-Out is a very strong, carbon specific aerosol solvent which many are saying gets hard carbon deposits out easily. Carb-out can also be swabbed through the barrel between relays or shot strings to lessen carbon fouling. Leaves a thin, sub micron rust preventative coating on barrel steel. Flammable liquid. Available in 8 oz. screw top can.

#749-001-178ST Carb-Out Carbon Remover - 8 oz. **\$8.95**

Shooter's Choice Lead Remover

This product was designed specifically for removing lead fouling in rifles and handguns. Those shooting cast bullets might want to make this part of your cleaning arsenal. Works great for rifles as well as handguns. Available in 4 oz. jar.

#934-004-004ST 4 oz. Lead Remover **\$8.79**

Shooter's Choice Copper Remover

Extra strength copper remover removes copper fouling that normal cleaning solvents won't remove.

#934-011-008ST 8 oz. Copper Remover **\$11.99**

Shooter's Choice Universal Gun Care Pack

This convenient package contains all the chemicals you need to clean and maintain your rifles, handguns and shotguns. Shooter's Choice Bore Cleaner dissolves copper and lead fouling, as well as shotgun wad residue, and removes rust and corrosion. FP-10 Lubricant, the same formula currently used by U.S. Special Forces, reduces friction and wear, and withstands temperatures up to 500° F. Rust Prevent Corrosion Inhibitor displaces water and creates an ultra-thin film on the metal that protects against rust, fingerprints and body acids, pitting, and salt air.

#100-010-562ST Universal Gun Care Pack **\$18.99**

Bore Tech Rimfire Blend

This bore cleaner is designed specifically for cleaning rimfire barrels. It aggressively attacks lead, powder, and other fouling. We use this product on our own newer rifles, and have also successfully cleaned up some very old Winchester 52's that were in very poor condition.

#509-000-023ST 4 oz. Rim Fire Blend **\$13.99**
#509-000-024ST 16 oz. Rim Fire Blend **27.95**

Hold-It Straw Holder

This device keeps your aerosol can straw close at hand for those jobs where you need a fine stream of cleaner. Comes in packs of 2.

#749-000-120ST "Hold-It" Straw Holder **\$1.95**

Birchwood Casey Gun Scrubber®

Gun Scrubber is a high pressure solvent/degreaser that removes dirt, grease, and oils. An extension tube produces a powerful blasting action that penetrates even the smallest crevices. Flushes out residue from trigger assemblies. Great for cleaning bolts, actions, brushes, reloading tools and dies. Synthetic safe: will not harm plastic, wood, laminates, composites, rubber grips or any other material used in the construction of today's firearms. Available in 10 oz and 13 oz. aerosol can.

Aerosol products must be shipped by UPS Ground only

Birchwood Casey Gun Scrubber - 10 oz. **\$7.49**
#749-012-557ST
Birchwood Casey Gun Scrubber - 13 oz. **\$8.99**
#749-012-556ST

Hoppe's Blast and Clean Degreaser

Blast and Clean is a high performance aerosol degreaser which will remove oil and grease deposits from actions and other firearm parts. Cleans actions without disassembly. Environmentally friendly, contains no CFCs or carcinogens, and dries in seconds to leave surfaces completely oil-free. Available in 11 oz. aerosol can.

Aerosol products must be shipped by UPS Ground only

#699-000-001ST Blast & Clean Degreaser **\$6.99**

Shooter's Choice Quicksrub III

This de-greaser and cleaner can be used on your firearms to remove dirt, oil, grease, powder build-up and fouling. Apply some type of rust preventative afterwards as this product leaves the metal squeaky clean. Meets all new EPA requirements. Great for cleaning solvent from brushes and residue inside reloading dies Available in 15 oz. aerosol can.

Aerosol products must be shipped by UPS Ground only

#934-020-015ST Quick Scrub III **\$9.79**

Shooter's Choice Polymer Safe Quick Scrub

This degreaser from Shooter's Choice will not harm plastics, paint finishes, wood finishes or camo. The odor is much less objectionable than other aerosol firearm degreasers or brake cleaner products. Polymer Safe evaporates fast like Quick Scrub and leaves no residue behind. Dissolves grease, removes powder fouling, oil and grime. Available in 12 oz. aerosol can.

Aerosol products must be shipped by UPS Ground only

#934-000-006ST Polymer Safe Cleaner **\$9.99**

Montana X-Treme Cowboy Blend™

Montana X-Treme Cowboy Blend is formulated for the Cowboy Action Shooting Sports. It quickly removes lead and powder fouling along with plastic residue from shotgun wads. Works quickly on carbon build-up in the throat area. Cowboy Blend also works very well for cleaning choke tubes, compensators, and revolver cylinders. This product has been tested and recommended by many of the top shooters in the sport. Available in a 20 oz. bottle.

#100-005-017ST "Cowboy Blend" Solvent **\$22.99**

Bore Tech C4 Carbon Remover

The Bore Tech C4 Carbon Remover is a new advanced chemical formulation never before introduced to the shooting industry. It is a non-flammable, non-hazardous and 100% biodegradable product that chemically reacts to stubborn carbon deposits. Bore Tech C4 is quick and easy, eliminating the time consuming and labor intensive cleaning we're all used to with carbon removal. Soak your parts for a few minutes and then patch or wipe dry. C4 works great for barrels, bolts faces, flash suppressors, chamber throats, revolver cylinders and any other place where extreme carbon fouling is present.

#509-350-040ST 4 oz. C4 Carbon Remover \$11.99
#509-350-160ST 16 oz. C4 Carbon Remover 23.49

Bore Tech Chameleon Gel

This dual-purpose bore cleaner/polish uses an exclusive chemical formula that changes color to let you know what type of fouling remains in your barrel. Designed to be used in conjunction with Bore Tech C4, Cu+2, and Eliminator products, Chameleon Gel removes heavy carbon, copper, lead, moly, and plastic fouling. Make multiple cleaning passes, just as you would with any cleaner, and if the gel residue comes out blue/green, you still have copper fouling. Black means carbon fouling, and grey means lead and/or moly. When the gel residue finally remains white in color, your barrel is clean and lightly polished. This non-embedding, biodegradable formula is safe for all barrels.

#509-000-030ST Bore Tech Chameleon Gel \$11.99

Otis O12 Bore Cleaners

Otis O12 bore cleaning products are formulated to give superior fouling removal and corrosion protection, yet still be biodegradable, and environmentally safe. O12 cleaners aggressively target carbon, copper, and lead fouling in your firearms without ammonia or other harsh chemicals or their odors.

O12-GP General Purpose Solvent is a great all-around bore cleaner for removing fouling from rifles, handguns and shotguns. It takes out the deposits of carbon, copper, and lead fouling that accumulate during most shooting activities, and helps combat rust for long-lasting protection. Safe to use on all gun metals, O12 General Purpose is odor-free and environmentally safe.

#668-000-112ST O12-GP General Purpose, 2 oz. \$9.99
#668-000-113ST O12-GP General Purpose, 4 oz. 14.49
#668-000-114ST O12-GP General Purpose, 8 oz. 18.99
#668-000-115ST O12-GP General Purpose, 16 oz. 24.99

O12-C Carbon Remover helps you maintain accuracy and prevent jams by dissolving stubborn carbon buildup. Suitable for all firearms, O12-C is particularly effective at removing heavy carbon deposits from gas systems, gas pistons, bolt carriers, bores, and other parts of the gun. An ideal cleaner for your AR-15 and other modern tactical rifles - and a great product for high-volume competition shooters.

#668-000-120ST O12-C Carbon Remover, 2 oz. \$9.99
#668-000-117ST O12-C Carbon Remover, 4 oz. 14.99

#668-000-123ST O12-PL Shotgun Cleaner 16 oz. 24.49

Bore Tech Cu+2 Copper Remover

This advanced chemical bore cleaner not only takes the chore out of bore cleaning, but it's safe enough to use right on your bench and has a pleasant odor. This biodegradable, ammonia and petroleum-free formula works fast to breakdown and dissolve all traces of copper fouling caused by high-velocity, jacketed bullets. This powerful formula changes copper's electronic state to loosen it up, then an enhanced binding agent acts like a magnet to attract the dissolved copper, keeping it from re-depositing and allowing complete removal. Repeated use conditions the bore and prevents rust, copper buildup, and protects the metal from corrosion.

#509-000-028ST 4 oz. Cu+2 Copper Remover \$11.99
#509-000-029ST 16 oz. Cu+2 Copper Remover 24.99

Bore Tech Shotgun Blend

Don't let the sweet citrus smell fool you, this Shotgun Blend is formulated to safely and quickly remove lead and plastic fouling, as well as tough carbon residue deposits from shotgun barrels, forcing cones, chokes, and choke tubes. This ammonia-free formula is designed to extricate debris, dirt, and grime without damaging metal surfaces and barrel finishes.

#749-001-859ST Bore Tech Shotgun Blend - 4 oz. \$13.99
#749-003-537ST Bore Tech Shotgun Blend - 16 oz. 25.99

Birchwood Casey RIG Products

Birchwood Casey RIG Universal Gun Grease

This is the original RIG Universal Gun Grease favored by shooters and gunsmiths alike as a superior lubricant and preservative. This clean, viscous grease is easy to apply to all your guns and provides absolute rust prevention during long-term storage. One thorough application of a thin film inside and out will protect your rifle, handgun, shotgun or muzzleloader against rust and corrosion. For full coverage, saturate a swab and run it back and forth through the barrel.

#167-400-205ST RIG Universal Grease, 1.5 oz. \$4.99
#167-400-274ST RIG Universal Grease, 3 oz. 9.99
#167-400-458ST RIG Universal Grease, 12 oz. 14.99

Birchwood Casey RIG-Rag Universal Grease Applicator

Designed specifically for applying a thin, uniform coating of RIG to your firearms. This oval-shaped pad is 7" x 4" and made from soft, durable sheepskin. It comes pre-saturated with RIG and can be used again and again - just add more RIG as needed. Comes prepackaged in a resealable, zip-lock plastic bag for ease of storage and long-lasting service.

#167-300-024ST RIG-Rag Universal Grease Applicator \$8.99

Birchwood Casey RIG+P Stainless Steel Lube

Specially formulated for stainless steel, this preservative's excellent adhesion properties reduce surface wear and prevent galling of treated parts. After cleaning your firearm apply a thin coat to slide rails, action bars, or any place that has potential for galling. Will not break down under high pressure or heat. Comes in a 1 1/2 oz. tube.

#167-400-519ST RIG+P Stainless Steel Lubricant \$4.99

Birchwood Casey RIG® #2™ Aerosol Gun Oil

Specially formulated petroleum distillates combined with an advanced rust preventative offer the lubrication benefit of a premium gun oil, plus the rust protection of the original RIG Universal Gun Grease. Penetrates deep into the pores of the metal leaving behind a long lasting invisible film that seals out moisture. Won't harm painted surfaces, plastic, rubber, or plated surfaces found on modern firearms. Available in 10 oz. aerosol can.

#167-000-052ST RIG #2 Aerosol Gun Oil \$10.49

Shooter's FP-10 Lubricant Elite™

Shooter's Choice high-tech FP-10 lubricant is designed for friction reduction. Use in areas where needed. This product contains a metal treatment additive that actually seals the metal surface. Contains no Teflon™ and works well as a rust preventative. Also an excellent neck turning lubricant. Available in 4 oz. bottle.

#934-110-004ST FP-10 Lubricant Elite™ **\$8.19**

Butch's Gun Oil

Butch's Gun Oil is a high performance blend of several natural oils designed to withstand the heat and pressure of firearms use. Butch's Gun Oil also contains corrosion inhibitors for complete protection of stainless steel and carbon steel barrels. Great to use as a final step after cleaning with Butch's Bore Shine. Contains no Teflon™. Available in 4 oz. bottle.

#749-000-791ST Butch's Gun Oil - 4 oz. **\$12.29**

Montana X-Treme™ Gun Oil

Montana X-Treme Gun Oil is a petroleum-based product designed as a finishing or storage oil to follow routine bore cleaning. This product is a rust preventative and will weatherproof all metal surfaces. Contains no Teflon™. Available in 6 oz. bottle.

#100-005-018ST Gun Oil **\$7.99**

Hoppe's Lubricating Oil

Hoppe's lubricating oil is a high viscosity natural oil refined to provide superior lubricating qualities for firearms and other precision equipment. Excellent protection for guns, fishing equipment and sports equipment, prevents rust and also protects woodwork. Long lasting and will not gum up.

Hoppe's Oil, 2 1/4 oz. #699-100-003ST **\$2.99**

Kellube

Kellube is a synthetic gun lubricant that provides excellent lubrication for all types of metal to metal movement. Also displaces moisture and coats metal with a protective film to prevent oxidation and corrosion. Available in a 1 oz. bottle with needle applicator or 4 oz. bottle with tip applicator. Excellent on slide action semi-auto pistols.

#749-001-003ST Kellube - 1 oz. **\$8.49**
 #749-013-329ST Kellube - 4 oz. **9.95**

Pro-Shot Zero Friction

Zero Friction is a premium, synthetic lubricant formulated to operate under extreme pressure. Contains additives for anti-wear, rust prevention, oxidation control to prevent gumming, and long term stability. Working temperature is minus -75 to 400° F. The needle applicator enables you to put just the right amount of lube where you need it. Available in 1 oz. needle oiler.

#749-000-638ST Pro-Shot Zero Friction - 1 oz. **\$5.99**

Sinclair Bolt Grease

This bolt grease will make your bolt work as smooth as silk. Our grease is packed into a curved spout syringe that is great for reaching tight areas. Excellent for use on any sliding surface that will incur friction. We also sell empty syringes for any application you may need.

#749-001-060ST Sinclair Bolt Grease w/Syringe **\$7.95**
 #749-000-260ST Polypropylene Reusable Syringe Empty **3.95**

TM Ultra Bolt Grease

TM Ultra Bolt Grease is an extra high-performance grease with polymer additives that provide superior adhesive and cohesive properties resulting in long life. In short, this grease really works well on bolts and highload surfaces such as locking lugs and cocking piece cams. Comes in a 10 ml syringe for easy application.

#100-004-643ST Ultra Bolt Grease **\$7.99**

Montana X-Treme™ Gun Grease

This is an excellent bolt grease that stays put in all temperatures. Outstanding high pressure lubricating properties. The syringe applicator makes it easy to apply.

#100-001-578ST Gun Grease **\$6.99**

Pro-Shot Pro Gold Lubricant

We have used Pro Gold in our shop for many years, and have always liked it's tackiness, ability to prevent stainless steel galling and superior lubricating properties. Pro Gold offers excellent performance for locking lugs, frame rails, shotgun hinge pins, camming surfaces and reloading tools. Water resistant, non gumming and an extreme operating range of 0° F to 450° F. Packed in a 10cc syringe.

#749-000-787ST Pro Gold Lubricant - 10cc **\$5.99**

Birchwood Casey SNO™ Universal Gun Grease

Long-lasting, water-proof, petroleum-based clear grease protects your firearms from corrosion and wear, while it reduces friction to ensure smooth, reliable function of all moving parts. When used on a regular basis, SNO Universal Gun Grease helps any firearm—pistol, rifle, or shotgun—work easier for a longer service life. Can also be used as a metal preservative when storing guns for extended periods of time. Apply a thin, even coat to metal surfaces after cleaning. 1/2 oz. (14g) tube.

#167-000-039ST Sno Universal Gun Grease **\$2.99**

Starrett M1

Starrett M1 lubricant produces a micro-thin, airtight film/coating which dries fast. It will not pick up dirt and grime that "wet" lubricants attract. The can will spray upside down or sideways, superior lubricating with no silicone, penetrates under dirt and rust, cleans grease and tar from metal parts, displaces moisture, prevents rust and is nonconductive. Once you have tried M1 on your tools, dies and firearms you will always have a can on hand. This is Fred Sinclair's all-time favorite spray lube. Comes in a 12 oz. aerosol can.

Aerosol products must be shipped by UPS Ground only.

#749-001-018ST Starrett M1 All-Purpose Lubricant **\$7.95**

NEW FrogLube® CLP

Non-toxic cleaner/lubricant/protectant removes powder residue, carbon, grease, and other corrosion-causing contaminants left on your firearm after firing. When applied to warm metal, FrogLube "seasons" deep into the pores of the metal with repeated applications so it forms a slick, protective surface that reduces friction and helps prevent corrosion during storage.

Once dry, it will not attract dirt and grit like petroleum-based lubricants do. Causes moisture to bead up on contact and roll off.

Made from 100% biodegradable food-grade materials, FrogLube lubricates all points on a firearm including bolts, rails, lugs, and bearing surfaces. Can be safely applied to plastic, metal, wood, and rubber, too. Kits include a supply of both liquid and paste, plus a 15" x 15" microfiber cleaning cloth. Also available in a 5-pack of 5" x 5" wipes.

Shooter's Choice Rust Prevent

This rust preventative aerosol spray is great for the interior and exterior of rifle barrels and the outside of actions. Excellent for use when storing dies and other tools susceptible to surface corrosion. Goes on wet and dries as a protective barrier. We use a lot of this product. Really works well!

Aerosol products must be shipped by UPS Ground only.

#749-000-794ST Shooter's Choice Rust Prevent - 6 oz. **\$6.95**

QMAXX Q20 BLU Gun Oil

This innovative moisture-displacing aerosol lubricant by QMAXX is specially engineered to protect firearms from exposure to fresh or salt water. Perfect for guns used in the most extreme weather/environmental conditions, this innovative, corrosion-inhibiting formula lubricates and protects moving parts and exposed metal - including blued components. Environmentally safe, non-flammable and silicone-free.

Aerosol products must be shipped by UPS Ground only.

#100-010-689ST Q20 BLU Gun Oil - 7 1/4 oz. Aerosol **\$14.99**

QMAXX Q20 Extreme Penetrating Oil

This high-performance spray-on penetrating oil is formulated to soak through rust, dirt, and corrosion fast to help free stubborn nuts, bolts, and other fittings. Innovative NANOMAXX technology uses hard-hitting industrial diamond particles to tackle the toughest jobs with ease. A great addition to your workbench, this environmentally safe, silicone-free oil is also a highly-effective lubricant and parts cleaner.

Aerosol products must be shipped by UPS Ground only.

Q20 Extreme Penetrating Oil - 13 fl. oz. Aerosol **\$13.99**

Break Free Collector

Collector is a long term storage preservative for firearms and other sports equipment. It was developed for the military to protect weapons for up to 5 years in storage. Can be used on all metals and finishes, will not break down to form waxy residues. Weapons can be fired without cleaning or removing Collector. Outstanding for preventing damage or rust spots from moisture or finger prints. 4 oz. dropper bottle w/straw.

#749-001-006ST Break Free Collector - 4 oz **\$9.99**

Break Free CLP

CLP (cleaner, lubricant, preservative) has been used by shooters for many years. The product has excellent lubricating qualities and penetrates metal surfaces. Sold in 4 oz. dropper bottle.

#749-001-030ST Break Free CLP - 4 oz. **\$9.**

Hornady One Shot Gun Cleaner and Dry Lube

The Hornady One Shot Gun Cleaner & Dry Lube reduces friction, cleans grit, grime and gunk. Great for use on your firearms, loading press, tools, etc. The 7 oz. aerosol spray will enable you to cover a much larger area than a conventional dropper bottle or oil applicator. One Shot Cleaner & Dry Lube leaves behind a thin, dry lube that's impervious to heat, cold or buildup.

Aerosol products must be shipped by UPS Ground only.

Hornady One Shot Gun Cleaner & Dry Lube - 7 oz. **\$9.99**

Montana X-Treme™ Bore Conditioner

The Montana X-Treme Bore Conditioner is formulated for today's match grade barrels. It is a highly refined, low residue oil that has been processed to eliminate the factors causing oil to gum and congeal. The formula contains no PTFE, silicones or synthetics of any kind, which leave a residue behind affecting accuracy. For more consistent 1st shot accuracy, give this oil a try. Comes in a 6 oz. bottle.

#100-005-024ST X-Treme Bore Conditioner **\$9.49**

Miscellaneous Cleaning and Chemicals

Esca-Tech D-Wipe®/wD-Lead® Cleaners

Esca-Tech cleaning products safely remove harmful lead and other heavy metals from your skin after shooting and reloading. D-Lead liquid cleanser comes in an 8 fl. oz. squeeze bottle, and D-Wipe single-use moist towelettes are packaged in a 40-count, plastic dispenser-top canister. Both products clean and condition the skin with or without water, while removing heavy metal dust, grease and dirt.

Flitz Rifle, Gun and Knife Wax

Non-abrasive, silicone-free protectant from Flitz shields firearms and knives from rust and the corrosive effects of powder residue, fingerprints, water spots, tree sap, blood, and more. Rifle, Gun & Knife Wax contains a unique blend of Brazilian Carnauba wax and beeswax to provide a tough, protective finish that lasts up to six months in fresh water conditions and three months in salt water environments. Safe for all metals - blued steel, stainless steel, brass, aluminum, and nickel plating - as well as wood and fiberglass stocks, paint, acrylics, and plastic. Won't attract dust, and leaves no white residue or buildup.

#749-013-149ST Flitz Rifle, Gun & Knife Wax - 7.6 fl. oz. **\$12.99**

The Custom Shop O-Ring Cleaning Jags

The Custom Shop's high-efficiency cleaning jags have a combination of solid aluminum or brass construction (depending on model) and rubber O-rings that press the patch firmly into contact with the lands and grooves for efficient scrubbing action on powder, lead, copper, and plastic fouling, without risk of scratching the rifling. Can be used with patches, and #0000 steel wool or bronze wool. Shotgun and Black Powder jags are color coded; Rifle/Handgun jags have caliber stamped on them for easy identification.

SLiP 2000™ Gun Care Products

SLiP 2000 products are specially formulated to provide superior cleaning and protection without harsh, strong-smelling, toxic chemicals.

725 Gun Cleaner/Degreaser

Water-based solvent strips grease, oil, Cosmoline, carbon, and grime from gun parts. Safe for aluminum, carbon steel, and stainless, and won't harm plastic, bluing, sealed wood, or rubber. Use in parts washers, ultra sonic cleaners (check with manufacturer) or apply by hand. Lubricate exposed metal after use. 4 fl. oz. pump spray bottle.

#749-012-408ST 725 Cleaner/Degreaser - 4 oz. **\$7.99**

Carbon Killer

Dissolves burnt-on carbon and flushes away powder residue. Soak the item to be cleaned in Carbon Killer for 5 to 15 minutes to loosen tough carbon fouling on bolts, cylinder faces, actions, muzzle brakes, and other hard-to-reach areas. Then simply wipe, brush, or rinse the part clean. Use for bore cleaning to remove carbon, lead, and plastic wad fouling. Carbon Killer is reusable; if stored properly, it can maintain its strength through multiple cleaning sessions. No hazardous chemicals, non-flammable, and biodegradable. 4 fl. oz. twist-top bottle or 16 fl. oz. screw-cap jar.

#749-010-210ST SLiP 2000 Carbon Killer - 4 oz. **\$8.00**

#749-010-224ST SLiP 2000 Carbon Killer - 16 oz. **16.99**

Gun Lube

Keeps your gun running in extreme conditions. Won't become sticky or slow down at cold temperatures and doesn't freeze, even at -110°F. Heat has no effect, because Gun Lube doesn't evaporate and won't burn off up to +1,250°F. Won't attract dirt, dust, or sand, either, and it displaces moisture. Gun Lube penetrates into the micro-pores of the metal to create a bonded surface that resists carbon, copper, lead, plastic and other fouling for easy cleaning. Contains no petroleum distillates or oil. 4 fl. oz. twist-top bottle.

#749-012-409ST SLiP 2000 Gun Lube - 4 oz. **\$8.25**

EWL

Extreme Weapons Lube gives you the same benefits of Gun Lube and in addition cleans and preserves your weapon. Removes carbon/powder, lead, copper, and plastic wad fouling. Formulated with an anti-friction agent that reduces wear by up to 95%, EWL prevents heat buildup during repeated fire to keep the action running reliably. Protects against mild mineral acids and has passed the Salt Spray Corrosion (ASTM B-117) 150 Hour test. 4 fl. oz. twist-top bottle.

#749-012-410ST SLiP 2000 EWL - 4 oz. **\$12.50**

SLiP 2000 3-Pack

Contains 2 fl. oz. bottles of 725 Gun Cleaner/Degreaser, Carbon Killer, and Gun Lube.

#749-012-407ST SLiP 2000 3-Pack **\$15.99**

SINCLAR TECH TIP Sign up for our "Reloading Press" at www.sinclairintl.com and get the latest technical information, reloading articles, product specials and more...!!

J-B™ Bore Cleaner

J-B Bore Cleaner gets caked-in powder residue and copper jacket fouling out of barrels. This paste is non-embedding, which means it doesn't get "stuck" in the pores of the barrel. Available in 2 oz. container.

#749-102-003ST J-B Bore Cleaner - 2 oz.

\$10.99

J-B™ Bore Brite Paste

J-B Bore Brite is a micro-fine paste compound that works as both a cleaner and a final polish. Regular use gives your barrel a mirror-like finish that helps prevent buildup of copper and carbon fouling. J-B Bore Brite liquifies during use to quickly remove fouling and powder residue in rifles and handguns, and plastic deposits in shotgun bores. Regular use between strings minimizes accumulation of fouling to help maintain accuracy. Available in 2 oz. container.

#749-102-004ST J-B Bore Brite - 2 oz.

\$11.99

Mil-Comm Grease and Pre-Cleaner

TW-25B cleaner is a non-toxic, non-flammable synthetic grease that our US Military has adopted for AR-15/M-16 maintenance. It's long lasting lubrication qualities extends the life of rifle parts in extreme pressure and temperature conditions. TW-25B is effective from -90°F to 450°F and works well for all semiauto and bolt guns. Comes packaged with Mil-Comm's own cleaner/degreaser to prepare all parts before application. Larger package sizes of cleaner/degreaser and TW25B Grease also available.

#749-002-182ST Mil-Comm Cleaner & Lubricant 4 oz. Cleaner and .5 oz. Grease \$13.95

#749-003-052ST Mil-Comm MC 25 Cleaner/Degreaser 16 oz. Bottle 26.99

#749-001-013ST Mil-Comm TW25B Grease .5 oz. Reclosable Syringe 7.95

#749-001-340ST Mil-Comm TW25B Grease 1.5 oz. Tapered Tip Tube 10.99

Iosso GunBrite™ Polish

GunBrite Polish is an excellent cleaner for the exterior surfaces of stainless, chrome, nickel and factory blued guns. It removes powder fouling, surface rust and discoloration from barrel surfaces and black rings from cylinder faces. Cleans and protects the surface against fingerprinting and moisture, leaves a polished look without an oily finish. Do not use on cold blue. Paste type polish, 2 oz. tube.

#749-001-031ST Iosso GunBrite Polish - 2 oz.

\$7.95

Iosso Bore Cleaner

This is a concentrated paste form bore cleaner. This paste is non-abrasive, but it removes copper, lead, powder fouling, plastic wad residue and surface rust. Iosso is non-corrosive, non-flammable and has no objectionable odors. Iosso Bore Cleaner has become very popular with many competitive shooters. This is the best product we have found to remove stubborn powder fouling from the throat area. Available in 1.5 oz. tube.

#073-000-002ST Iosso Bore Cleaner

\$6.99

Flitz Metal Polish

Safe for factory blued, nickel and stainless steel firearms. For cleaning, polishing and protecting all metal surfaces. Available in 1.76 oz.

#749-001-168ST Flitz Metal Polish - 1.76 oz.

\$9.99

Birchwood Casey Gun and Reel Silicone Cloth

100% cotton flannel with pure silicone, removes dust and finger prints, leaves a lustrous protective film on all metal, wood and plastic surfaces. 14.4" x 15" size.

Birchwood Casey Silicone Cloth
#749-000-636ST \$5.99

Birchwood Casey Lead Remover and Polishing Cloth

Specially impregnated 6" x 9" cloth effectively removes lead, burn rings from cylinder faces, rust and fouling from handguns, rifles, shotguns and muzzleloaders. The cloth polishes and restores luster to stainless steel and nickel surfaces, and can be cut to size for use in chambers and through the bore. Discoloration does not reduce efficiency. Packaged in a heavy-duty, resealable plastic bag which should be used for storage. Not recommended for blued or case-hardened metal finishes.

#167-000-060ST Lead Remover Cloth

\$6.99

Tuf-Cloth

This long-lasting lintfree cloth is designed for use on firearms, knives, etc. to provide a long-lasting barrier against rust, friction, and wear. This formula of nontoxic dry film corrosion inhibitors and lubricants provides a fast-drying, water-displacing barrier. The film will not attract dirt and is dry to the touch. Size: 12" x 12".

Sentry Tuf-Cloth
#749-001-015ST

Miscellaneous Cleaning and Chemicals

Hygenall® FieldWipes™

Fresh-smelling wipes remove dirt, grime, and the toxic metals you will come in contact with when reloading, handling ammunition, or shooting firearms. Great for use at the bench or on the range. Removes over 99% of unseen lead particles, as well as arsenic, cadmium, mercury, zinc, hexavalent chromium, tungsten, and other heavy metals. Leaves skin feeling clean and refreshed. 45 disposable 6 1/2" x 7 1/2" wipes per pop-up canister dispenser

#749-012-538ST Hygenall FieldWipes **\$14.99**

Double Headed Cotton Swabs

These applicator/cleaning swabs are great to use for cleaning hard to reach areas. Apply solvents, lubes, etc. Pharmaceutical grade bleached white cotton heads are attached to a 6" wooden handle. 100 double headed swabs to a package. Great to have at your cleaning bench and in your range bag.

#749-000-915ST Double Headed Cotton Swabs - 100 pack **\$9.99**

Hygenall® ToxOff™ Surface Decontaminant and All-Purpose Cleaner

Fresh-smelling ToxOff surface spray from Hygenall is an all-purpose cleaner that removes dirt, grime, and toxic metals from contaminated surfaces to prevent transfer to other surfaces or people. Kills germs, too. Non-toxic ingredients remove over 99% of unseen lead particles, as well as arsenic, cadmium, mercury, zinc, hexavalent chromium, tungsten, and other heavy metals. Great for the range or field - anywhere soap and water just isn't available. Perfect for cleaning bench rests, reloading equipment, and hands after shooting or handling ammunition. Leaves skin feeling smooth and refreshed. 1 quart bottle with spray pump.

#749-012-640ST ToxOff Surface Spray - 1 qt. **\$14.99**

Birchwood Casey Swauber™ Applicators

When a project requires even, consistent application of liquids, reach for a disposable Swauber Applicator. Whether you're applying bluing and finishing chemicals, cleaning solutions, or any liquid product, Swaubers help you get the job done quickly, without mess. The large, looped wire handle gives you a firm grasp, while the swab dauber applies an even coat of liquid. A must for any shooter who cleans, refinishes, or repairs his own guns.

Birchwood Casey Swauber Applicators - 20 Pack
#749-009-149ST **\$4.99**

Gun Glove Protective Skin Lotion

Gun Glove is a skin lotion you put on before going to the range or cleaning your firearms. The Gun Glove lotion goes on like hand lotion (not greasy) and protects your skin from absorption and staining from lead compounds, cleaning chemicals, black powder, oils and greases and powder residue. One hand washing gets all the dirt and smell off your hands. This product is a good idea, especially if you don't wear gloves when you are cleaning firearms.

Gun Glove Skin Protectant - 2 oz. Bottle
#749-000-762ST **\$6.95**

Gun Glove Skin Protectant - 32 oz. Pump Bottle
#749-006-320ST **\$53.95**

Loctite® C5-A® Anti-Seize Lube

This Copper Based Anti-Seize is the barrel thread compound used and preferred by many professional gunsmiths. The high copper content protects mating parts and provides a shield against high temperature seizing and galling. C5-A can be used on all steel alloys including all stainless steels, brass, cast iron, copper and all plastics. The 4 oz. container includes a brush-top for easy application, and the 1 oz. tube is perfect for your range box. Meets Mil-Spec MIL-PRF-907.

#749-102-006ST Anti-Seize Lubricant 1 oz.
#749-001-855ST Anti-Seize Lubricant 4 oz.

Sinclair/Remington Mainspring Changing Tool

Our Mainspring Tool for Remington bolts is an easy-to-use spring compressor that allows you to disassemble the firing pin and mainspring from the bolt body. Our tool has an anodized aluminum body, steel lead screw and a large comfortable handle. This tool in conjunction with the Sinclair Firing Pin Removal Tool is a must to change firing pins or springs safely without damaging the bolt or bolt parts. Fits 700 Short and Long Actions, Rem 722, 600, 40X, Model 7, and XP/XR-100. Also works on Stolle Panda actions and others with Remington style bolts.

#749-004-114ST Sinclair/Remington Mainspring Changing Tool **\$27.95**

Sinclair/Remington Ejector Compressor Tool

This tool is designed to compress and control the ejector on Remington style bolts. The tool compresses the ejector and then turns to engage the locking lugs to hold the ejector in a compressed position. This allows you to drive the pin out and remove the ejector and spring in a controlled manner. Invaluable tool to have when replacing or shortening the ejector spring.

The tool includes quick change fittings for small bolt faces (.222/.223, etc.) and large bolt faces (.308, Magnums, etc.).

#749-003-541ST Sinclair/Rem Ejector Compressor Tool **\$26.99**

Sinclair/Drymate™ Gun Cleaning Mats

These two durable, protective mats are made for us by DryMate™. Both mats have a non-woven, soft facing surface which will protect your work surface and reloading tools. The bonded backing material prevents solvents, liquids and oils from soaking through. The precision cut edges will not unravel or fray, and the mats can be machine washed. The cleaning mat is 16" x 54" and will protect your work surface while working on rifles or shotguns. The bench mat is 16" x 20" and is perfect for your bench or loading at the range.

#749-002-186ST Drymate 16" x 54" Cleaning Mat **\$13.95**
 #749-001-055ST Drymate 16" x 20" Bench Mat **7.95**

SOG Armory Gun Mat

Heavy duty, flexible pad from SOG Armory protects your gun's finish during cleaning and repair, plus the top side features a detailed exploded parts diagram of a firearm classic – the M1 Garand. Soft polyester top helps ensure your gun doesn't get scratched, while the non-slip neoprene rubber backing keeps the mat in place. Easily cleans up with warm water and mild detergent.

#100-009-875ST SOG Armory M1 Garand Gun Mat **\$22.49**

Sinclair Firing Pin Removal Tool

The Sinclair Firing Pin Removal Tool makes the disassembly of your Remington style bolt a piece of cake. The tool protects the shroud and cocking piece, controls the firing pin spring energy, and allows you to easily remove the firing pin assembly from the bolt body for cleaning and/or replacement. Fits the Remington 700, 40X, 600, 660, Model 7, XP-100, XR-100, and 722 actions, plus the Kelbly Stolle actions. Does not work for the 770 or the 40X rim-fire action.

Easy Firing Pin Removal!

#749-004-116ST Sinclair Firing Pin Removal Tool **\$29.99**

Sinclair Bench Block for Remington Bolts

This bench block is specifically designed for use with Sinclair bolt tools for Remington bolt actions. This bench block secures both Remington bolts and firing pins in the proper position for driving out pins. Machined from black Delrin™ so it will not damage any external finishes and features a machined "well" properly located to prevent the loss of pins.

Sinclair Bench Block
 #749-002-695ST **\$17.95**

Remington Bolt Maintenance Storage Case

Cleaning, maintaining and changing parts on the bolt of your Remington bolt action rifle has never been easier. This case will store all the tools needed to remove the firing pin assembly, replace the firing pin assembly, remove and/or change ejectors and springs and otherwise maintain your Remington Bolt. This case features storage areas for our Remington Firing Pin Removal Tool, Remington Ejector Compressor Tool, Remington Mainspring Tool and our new Remington Bolt Maintenance Bench Block. Store all these tools together in one convenient location and save the time and aggravation of searching your drawers and toolboxes. Purchase the Remington Bolt Maintenance Kit with all four tools and storage case and save \$15.00 over buying each of the items separately.

Sinclair Action Cleaning Tool Kit

The Sinclair Action Cleaning Tool Kit includes all the necessary tooling to clean the actions of your centerfire rifles. Since most shooters consider "rifle cleaning" a method to remove fouling from their barrels, the action often becomes the most neglected area. Especially with new shooters that are not familiar with its importance. The Sinclair Action Cleaning Tool Kit consists of three major components:

Lug Recess Tool: The locking lug area in most bolt rifle actions has a tendency to collect brass chips from cases, brush bristles, primer residue, bolt grease, and solvents. This accumulation can wear heavily on your bolt lugs. Our Lug Recess Tool cleans this up with little effort. It has a slotted head that accepts the included cleaning felts and cotton rolls for cleaning your lug raceways and recess areas. Simply insert into the action, slide down the lug raceways, and then rotate inside the lug recess areas. Solvent may be applied to the felt/cotton roll to remove debris. A dry felt or cotton roll may be used to dry the area out. The Lug Recess Tool is made of stainless steel for a lifetime of use. Also sold separately (see below).

Chamber Swab Tool With Handle: The Chamber Swab & Handle makes a simple task of wiping the chamber dry after each cleaning. Thread a chamber Swab (mop) onto the Chamber Swab Handle (swab not included) and wipe away excess solvents from the chamber area. Solvents collect in this area after cleaning your rifle barrel, regardless of what bore guide or cleaning devices you're using. We place a patch over our swab to extend the swab life and then discard the patch afterward. The Sinclair Chamber Swab Handle is made of stainless steel and is also available separately (see below).

Bolt Utility Brush: The Bolt Utility Brush allows you to scrub the bolt face and lugs after spraying your bolt with a degreaser. Great for removing brass chips from the bolt face, cleaning the bolt shroud, removing old bolt grease, etc. Be sure to re-apply new grease to the bolt bearing surfaces which will prevent galling. We clean our bolts and apply fresh bolt grease after each range session.

- #749-000-169ST Chamber Swab For All Rifle Chambers **2.99**

Sinclair AR-15 and AR-308 Lug Recess Tool

This one of a kind tool is used to clean the lug recess area on the AR-15 and AR-308 rifles. The lug recess area collects a lot of grease and debris and needs to be cleaned regularly. This tool compresses a cotton roll and then releases it so you can rotate it inside the lug recess area. Should be used wet with solvent, then followed up with a dry roll. One bag of cotton rolls (about 50) is included with each tool.

Sinclair Rifle Cleaning Cradles

The Sinclair rifle cleaning cradle is designed to hold a rifle securely for cleaning while at the same time protecting the rifle's finish. Each cleaning cradle is comprised of two aluminum saddles that use a non-marring/non-slip molding that holds the rifle in place while cleaning. All cradles position the rifle in a muzzle down position so solvents will drain toward the muzzle end instead of back into the receiver. All Sinclair cradle parts are powder coated with a durable satin silver finish.

The saddles are attached to two aluminum legs which are connected by two aluminum tie rods. One big advantage that our cleaning cradle has is that it can easily be broken down for transportation. A disassembled cradle takes approximately 15" x 5" x 2" for the B/R model and a bit less for others. Cleaning cradles can be converted to hold two rifles by purchasing a double cradle hardware kit and additional saddles. Cradles can be ordered as complete units or you can order individual pieces for special configurations. All complete cradles include front and rear saddles, legs, tie bars, and hardware.

Sinclair Hunting/Sporting Rifle Cradle

This cradle is complete with legs, standard 14" tie bars and saddles #749-002-469 and #749-002-468 for most hunting and sporting rifles. We recommend this cradle for rifles with forends and rear grips up to 1.75". This covers standard hunting weight factory rifles as well as most custom stocks designed for game hunting.

#749-006-350ST Sinclair Hunting/Sporting Rifle Cradle

\$56.99

Sinclair Standard Varmint Rifle/Hunter Class Cradle

This cradle is complete with legs, standard 14" tie bars and saddles #749-002-469 and #749-002-471 for most varmint rifles. We recommend this cradle for rifles with forends between 1.75" and 2.625" and rear grips up to 1.75". This includes most factory varmint rifles with beavertail type stocks and most "hunter class" - type stocks including Remington and Savage varmint stocks, Shehane Varmint BR, McMillan Hunter Class and Edge HBR.

#749-006-351ST Sinclair Varmint Rifle Cradle

\$56.99

Sinclair Benchrest Rifle Cradles

This cradle is complete with legs, tie bars, and saddles for benchrest stocks. Both models fit rifles with forends between 2.625" and 3.25" wide. Standard cradle has 14" tie bars with saddles #749-002-469 and #749-002-472 for rifles with standard rear grips up to 1.75". Some popular benchrest stocks that fit this cradle are the Standard McMillan, Edge, Shehane Baby Tracker, Kelbly TMBR and SPG. Long-Range cradle has 17" tie bars with saddles CC180 and CC 130 for rifles with rear grips between 1.75" and 2.35". Popular benchrest stocks that fit this cradle are the Scoville, Kelbly Klub, Borden, Shehane Tracker, and Tooley MBR stocks.

Cleaning Cradles

Sinclair AR-15/AR-308 Rifle Cradle

This cradle will hold the AR-15 or AR-308 rifle in the correct muzzle down position for easy cleaning. The Sinclair Cleaning Cradle securely holds your rifle in place while you clean from the breech. The Sinclair Cleaning Cradle is constructed of aircraft aluminum and can be easily disassembled for transportation. Two great companion tools to use with the cradle are the Sinclair AR-15 Cleaning Link (#749-002-497) and the Sinclair AR-15 Rod Guide shown in use.

#749-006-357ST Sinclair AR-15/AR-308 Cradle Model **\$56.99**

Sinclair X-Large Varmint/Prone Long Range Rifle Cradle

This cradle is complete with legs, standard 14" tie bars and saddles #749-002-473 and #749-002-471 for varmint and prone rifles with large rear grips. We recommend this cradle for stocks with forends up to 2.625" and rear grips from 1.75" to 2.35". Some stocks that will fit this cradle include most Masterclass high power and prone stocks and some heavy varmint/target type stocks.

#749-006-348ST Sinclair Extra Large Varmint/Prone Long Range Rifle Cradle **\$56.99**

Sinclair AR Cleaning Links

This item is a "must have" for cleaning your AR rifles. The Cleaning Link separates the upper and lower assemblies, but holds them securely to allow easy breech access for bore cleaning using a Sinclair Rod Guide. Made of Delrin™ and stainless steel, it is virtually impervious to solvents. The Cleaning Link uses the rear locking pin and rear locking pin hole and installs in seconds.

#749-003-241ST	Set of two each cradle legs and 17" tie bars w/hardware. The extra 3" of tie bar elevates the muzzle and distributes the weight better on rifles with long (27"+) heavy barrels and stocks with long forends. Works well for heavy High Power, F-Class and Long Range rifles and for the newer Shehane and Scoville type stocks	23.95
#749-002-667ST	Set of two 17" tie bars. See above description. (does not include hardware or cradle legs).	18.95

MTM Gun Cleaning Vise

The MTM Gun Cleaning Vise is packed full of features that you would normally find on costly high end model vises, all for a fraction of the cost. Easily perform all your gunsmithing and maintenance for rifles, shotguns, long guns, etc.

The MTM Gun Vise features a fast, single adjustment clamp that secures with a non-marring hold. The cleaning forks are positioned so that you may clamp your firearm level or sloped, depending on whether you are installing an optical sight, adjusting a trigger, or flushing your action and in need of drainage. Shotgun barrels, rifle stocks, muzzleloaders, etc., are held securely for easy cleaning.

Organize all of your cleaning supplies within the 14 separate compartments. A divided tray slides to uncover compartments in the vise base for smaller, easy-to-lose items. Utilize the 11 screwdriver bit holders, which are also handy for jags, brushes, mops, and rod implements. Along the bottom side of the MTM Gun Cleaning Vise are two convenient cleaning rod holders to keep your rods from getting away while you're making adjustments. Comprised of chemical and solvent resistant polypropylene plastic, the MTM Gun Cleaning Vise is built to last.

#749-010-333ST MTM Gun Cleaning Vise **\$49.95**

MTM Maintenance Center and Accessory Box

The MTM Maintenance Center is constructed of heavy gauge plastic with two removable, soft but sturdy rubber cradles. The tray has two sections that have sliding covers for storage of cleaning supplies and an open center section. Excellent for cleaning and general gun work. The MTM accessory box is a large storage box for reloading supplies and other shooting accessories such as brass, shotgun shells, reloading equipment, etc. It is designed so the portable maintenance center stacks on top with the box handle accessible through the tray.

#574-000-004ST MTM Shooter's Accessory Box **\$49.99**
 #574-101-000ST Portable Maintenance Center **40.99**

MTM Gunsmith Maintenance Center

This MTM product is designed to securely hold your rifle or shotgun. Ideal for cleaning, mounting scopes, swivels, bedding actions, etc. Compartments are provided for solvents, rust inhibitors, patches and screwdrivers. Removable forks have molded rubber padding to protect your firearm and slots to hold two cleaning rods. Each fork has two built-in height adjustments, giving you a combination of height adjustments to hold the firearm level, whether upright or upside down. The large middle section is for storing tools and cleaning supplies in one area. This cradle is ideally suited for the workbench. Available in red only.

#749-005-442ST MTM Gunsmith's Maintenance Center **\$40.95**

MTM Shooting Range Box

This MTM Shooting Range Box mounts your gun cleaning kit on top of a storage supply unit that converts to a cleaning cradle. The top section of the Shooting Range Box offers loads of divided space for jags, brushes, solvents, etc, keeping cleaning items sorted and organized. The two trays can be positioned four ways. The long section in the front is for break down cleaning rods, bore guides, chamber or choke tube brushes, large aerosol cleaning spray cans, etc. With its 18 compartments and bore brush guide, the Shooting Range Box has more features than any range box we have seen.

The base offers plenty of deep storage for supplies and ammo. A pair of adjustable gun forks featuring soft over molded rubber padding, offers easy positioning of firearms with a firm, non-marring hold. The overall length of the Shooting Range Box provides excellent stability for nearly any size firearm. The bottom base is big enough to hold a large ammo box, and most 4 oz. bottles of cleaning solvents. USA made with chemical resistant polypropylene. Size: 25" x 11 1/2" x 8 3/4".

#749-006-104ST MTM Shooting Range Box **\$49.95**

Lyman Revolution™ Rotating Gun Vise

This universal gun vise from Lyman is engineered to hold any firearm (rifles, pistols, AR type rifles and single shot rifles and pistols) for cleaning, maintenance or gunsmithing. The vise includes padded clamping inserts to securely hold and protect the firearm while you are working on it. One of the most unique and useful features of the Revolution vise is the ability to rotate the firearm right, left or straight up while it is clamped into the padded inserts. This is the most adaptable bench vise we have seen, and the only one with a lockable 3-position feature.

Bore Tech Shotgun Stix

Bore Tech's Shotgun Stix feature ergonomically designed handles that offer a comfortable, non-slip foam handle design and provide a fast, effective way to clean your shotgun at home, the range or in the field.

Each rod is built with an oversized core that allows for unsurpassed rigidity, minimizing the bow and flex found in other manufacturers' cleaning rods. The proprietary core coating provides a uniform cover that is extremely chemical resistant and durable - does not soften, peel or scratch, even under the most extreme conditions. All rods are female ended with standard $\frac{5}{16}$ -27 threads and work perfectly with our popular Shotgun Jags and brushes.

.382" rod diameter. Available in both 1 piece and 2 piece configurations, works for gauges 10 thru .410 bore. Requires $\frac{5}{16}$ -27 jag/brush threads.

Rod lengths listed are the "working length" of the rod only and do not include the length of the handle. For rod overall length (OAL), add 5.5" to the rod's working length.

Bore Tech Shotgun Blend

Don't let the sweet citrus smell fool you, this Shotgun Blend is formulated to safely and quickly remove lead and plastic fouling, as well as tough carbon residue deposits from shotgun barrels, forcing cones, chokes, and choke tubes. This ammonia-free formula is designed to extricate debris, dirt, and grime without damaging metal surfaces and barrel finishes.

#749-001-859ST Bore Tech Shotgun Blend - 4 oz. **\$13.99**
 #749-003-537ST Bore Tech Shotgun Blend - 16 oz. **25.99**

Birchwood Casey Choke Tube Lube

This lube was created specifically to prevent your choke from seizing up due to corrosion and galling caused by hot barrels, high stress from steel shot loads, and pressure from repetitive trap and skeet shooting. This non-evaporative, metallicbase formula creates a protective barrier against rain and saltwater, as well as prevents seizure even at extreme temperatures up to 2000°F. It not only protects the end of your barrel, but it makes inserting and removing all regular and stainless steel tubes a breeze. Comes in a 3/4 oz. squeeze tube.

#167-400-150ST Choke Tube Lube **\$7.20**

Shooter's Choice Shotgun and Choke Tube Cleaner

This aerosol product by Shooter's Choice is designed specifically for removing carbon fouling and wad fouling in shotguns. We use this product and it works extremely well. Great for spraying down the barrel or applying with a brush or patch.

Aerosol products must be shipped by UPS Ground only.

Shooter's Choice Shotgun & Choke Tube Cleaner - 12 oz.
 #749-001-585ST **\$11.49**

MTM Shotshell Load Labels

The MTM Shotshell Load labels make tracking your shotgun reloads accurate and easy. Keep record of your reloading data and number of reloads for safety and storage. Data fields include: Gauge, Shot, Shot Weight, Hull, Wad, Primer, Powder Brand/Weight, Load # and date. Fits on just about any container, or place right on your empty boxes that are used to store your reloads.

IOSSO AR Brushes

IOSSO makes some effective specialty brushes for specific AR cleaning jobs. These brush bristles are made with Nyflex fiber which is a stiff, thick synthetic fiber which retains its shape well and isn't destroyed by repetitive back and forth action. Brushes are wound tightly, sized for a tight fit and have twisted loop brass cores. The threaded brushes fit 8-32 cleaning rods, our AR Chamber Brush Handle and our Action cleaning Tool Handle. The kits contain four brushes with 8-32 threads - one for the chamber, one for the bolt carrier and one for the upper receiver. Separate kits for AR-15 and AR-308. The loop handled brush is just like the upper receiver brush in the kit only it has a 7" loop handle for use without separate threaded handle or rod. All brushes are made in the U.S.A
