**BARNETT™ CROSSBOWS RAZR™
CROSSBOW PACKAGE w/SCOPE**

Barnett pulled out all of the stops on the RAZR. The specs speak for themselves: 185-lb. draw weight, 16" power stroke, 400 feet per second arrow speed, 6.5 lbs. mass weight, and 21.5" width. Features finger reminders and pass-through foregrip, as well as custom composite laminated limbs, retractable underarm support, integrated skinning knife, adjustable butt pad, carbon riser technology, CNC-machined 7/8" Picatinny rail, and string suppressors. Package includes premium illuminated scope, rope cocking device, three-arrow quiver, and three 22" Headhunter bolts.

- #450-206-724AQ RAZR Crossbow Package, 1G1329K99..... \$ 1399.99

**BARNETT OUTDOORS GHOST 360 CRT
CROSSBOW PACKAGE w/3x32 SCOPE**

Crossbow gives bolt velocities up to 360 fps and a 165 lbs. draw weight. Carbon risers keep weight down, and 7/8" of Picatinny rail let you mount a variety of scopes and optics. Includes 3x32 illuminated scope, 3 bolts and arrow quiver.

- #450-209-022AQ Barnett Ghost 360 CRT Pkg w/ Scope, 1G581B03..... \$ 599.00

**BARNETT OUTDOORS RAPTOR
CROSSBOW PACKAGE w/SCOPE**

The Raptor has a 150 lb. draw weight and shoots bolts up to 330 fps. It weighs only 6.5 lbs., making it easy to carry all day. High Definition Camo pattern helps you blend in. Comes with either a red dot or 4x32

**EXCALIBUR CROSSBOW
MATRIX 380 CRT CROSSBOW**

The reliability of a recurve crossbow in a compact package with blazing arrow speeds. The game has definitely changed when it comes to recurve crossbow performance. The Matrix 380 is more powerful, more compact, and quieter than any other crossbow in the Excalibur line. You get all of the reliability that Excalibur is known for with the added benefits of the Matrix. Featuring Excalibur's compact Tact-Zone crossbow scope which was specifically designed for these lightning fast crossbows, this is one deadly package!

Other features include reduced recoil and noise, easy cocking, dry fire inhibitor, and R.E.D.S. string suppressors, plus ambidextrous cheek piece and safety.

Technical information: Speed: 380 fps (using 350 grain arrow with Matrix string). Kinetic Energy: 112 ft.-lbs. Draw Weight: 260 lbs. Power Stroke: 13.1". Overall Length: 35.6". Weight: 5.9 lbs. Width: 30.62" (uncocked) 25.75" (cocked). Arrow Length: 20".

- Kit contains: Tact-Zone Crossbow Scope, ambi cheekpiece, R.E.D.S. suppressors, Excalibur 4-arrow quiver, 4 Diablo arrows with points, four (4) 150 grain field points, and rope cocking aid.

**TENPOINT CROSSBOW TECHNOLOGIES
ACUROPE CROSSBOW ROPE COCKER**

The Acurope is TenPoint's new revolutionary portable, retractable rope cocker. The Acurope reduces the effort to cock your crossbow by 50%, and once you finish cocking, the draw cord completely retracts inside one of the two grips. The grips dovetail neatly together to form a compact unit that can be conveniently slipped inside a belt-mounted holster or pouch. The unit's slender drawcords, 15-times stronger than steel, are made of heat- and abrasion-resistant SPECTRA fiber. Two heavy-duty constant-force springs, packed neatly inside the retracting grip, power the spool, which is mounted on a durable steel axle and frame. The grips are made from DuPont Zytel, a tough nylon.

- #450-200-960AQ Acurope Crossbow Rope Cocker, 1G56F05..... \$ 59.00

**G5 OUTDOORS
MONTEC CROSSBOW BROADHEADS**

100% Steel tough and spin tested. 1-piece MIM carbon steel construction. Diamond cut sharpness. 1/16" cutting diameter.

**LEUPOLD
CROSSBONES CROSSBOW SCOPE**

Specifically designed for the unique trajectory and crushing recoil produced by today's crossbows, the variable-power 2-7x33 Crossbones is the perfect combination of flexibility, accuracy, and durability. Leveraging a rugged and incredibly precise electroforming process, the advanced CBR reticle provides hold points for 20, 30, 40, 50 and 60 yards, and can be easily tuned to match virtually any arrow velocity. Simply turn the PowerSelector ring to the appropriate velocity mark, and squeeze the trigger with confidence. Leupold's Standard Multicoat Lens System, 1/4 MOA finger-click adjustments and waterproof, shockproof and fogproof construction combine to deliver the rugged reliability and crisp sight picture expected from Leupold in any hunting conditions.

- #450-201-932AQ Crossbones 2-7x33 Crossbow Scope, 1G290G99..... \$ 299.99

AT BROWNELLS®
We not only provide our customers the right tools to do the job - but also the information to do it well.

We pride ourselves on providing our customers with the best and most reliable information about our products before they make a purchase. We believe that informed customers will be satisfied customers. This master catalog has become unofficially known as the "wish book" of guns. We don't take that reputation lightly, and we've put that vast wealth of information, and more, into our website. There you'll find full schematics for over 500 popular firearms, and more than 1,500 product information videos in the "Learn" section.

Our crew of highly-skilled, veteran Gun Techs - all working gunsmiths recruited from across the United States - act as consultants to our marketing team, and trusted advisors to our customers. Together, their three centuries of combined experience help customers with more than 60,000 gun-related questions annually. To stay up-to-date with the latest products, promotions, videos and new products, follow us on Facebook, Twitter and YouTube or subscribe to our email list.
