

Sinclair Competition Shooting Rest

The Sinclair Competition Shooting Rest is a result of our staff and our customer's years of shooting experience on the firing line, and in the field. We've incorporated the best design ideas, materials, and craftsmanship to present you with a shooting platform that rivals any windage rest available today. Whether you're competing in a benchrest discipline, F-Class, or wringing the most accuracy from your favorite shooting rig, the Sinclair Competition Rest offers the most versatile fit, function, and features in one complete package.

Heavy and Compact

The Sinclair Competition Rest's foundation begins with a one inch, solid steel base plate with a durable granite powder coat finish. This enables us to achieve a massive unit - over 30 pounds - with the lowest center of gravity, combined with a footprint that's no larger than other tripod rests currently on the market. It's nearly twice as heavy as our closest competitor.

Mobile

Most shooting rests by design, are awkward and difficult to manage and maneuver. We solved this by machining a carry handle into the base plate for easy transport, making the Sinclair Competition Rest one of the most mobile units available, in spite of its enormous weight. No tacky looking handles or impossible two-arm lift methods are needed.

Effortless Operation

The Sinclair Competition Rest has the windage operation built directly into the base plate. It incorporates dual sets of twin tapered roller bearings for an effortless, non-binding windage operation. The oversized windage control knob is positioned near the rear speed screw where simultaneous one-handed adjustment is easily achievable. Nearly four feet of windage adjustment is offered at 100 yards - enough for any bench shooting discipline. The oversized, fluted handwheel also offers smooth vertical adjustment with the aid of a thrust bearing.

Ambidextrous Design

The unique construction of this windage unit platform enables an entirely ambidextrous set-up for right or left handed shooters. The post, center column, controls and windage adjustment disassemble and reassemble on the opposite side, for a completely mirrored, left hand use.

Hardware for Hard Wear

The Sinclair Competition Rest includes upgraded hardware: a beefed up center column (1.95" up from 1.375"); threaded post (1" diameter up from 3/4"); leg screws (1/2" diameter up from 3/8"); and large diameter fluted speed screw - all made from high grade stainless steel to withstand a lifetime of abuse. All knob controls and handwheel are machined from aluminum then anodized or powder coated to provide a durable grip surface for all adjustments.

Topping Perfection

The Sinclair Competition Rest is completed with our Benchrest Top with new lockable forend stop assembly. Our Benchrest Top accepts both Edgewood and Protokor front bags in sporter, varmint, and benchrest configurations. The new lockable forend stop unit is adjustable for length (fore-aft), height, and cant. Our benchrest top is both NBRSA and IBS approved for competition shooting. The Sinclair Competition Rest is also available with our All-Purpose Top which features our updated Sinclair designed Edgewood Bag, easy adjust lockable bag ears and new forend stop. This top is an excellent choice for all Rimfire Benchrest competitions, particularly Sporter Rifle Class, as well as those wishing to attain the highest level of accuracy from all of their rifles.

Accessories

The Sinclair Competition Rest includes mounting holes for aftermarket accessories you may wish to entertain. Such as our Port Level Ammo Block which enables the shooter to adjust their tray of 20 rounds of PPC or BR wherever needed. Move it close to your rifle port for fast shooting.

Note: You will need to order a front bag in addition to the rest. We recommend the Protector Leather/Cordura or the Edgewood standard front bags.

Sinclair Heavy Varmint Shooting Rests

The Sinclair Heavy Varmint Shooting Rest series is an evolution of our Generation II shooting rest (now discontinued) and our Competition Shooting Rest that's sought after by the best of today's benchrest competitors. The Heavy Varmint Shooting Rests feature fully upgraded hardware such as a heavy-duty stainless steel center column and 1" stainless post, oversized scalloped hand wheel with thrust bearing for ultra-smooth vertical adjustments, large 1/2"-20 thread rest feet with oversized aluminum anodized knobs (no plastic parts here), and a fully adjustable forend stop for shot-after-shot repeatability. The base itself is of ductile cast iron construction with a durable powder coat finish to last for a lifetime of use – exactly what you've come to expect from all Sinclair manufactured products. These shooting rests weigh up to 17 lbs with filled sand bag – designed to stay in its place on your bench top. This Sinclair Heavy Varmint Shooting Rests are available in 8 different configurations – ask any of our reloading and shooting techs for assistance selecting the model for your needs. Made right here... in the USA.

Available in the following formats:

- The Sinclair Heavy Varmint Bench Rest model is designed for shooters who prefer using Protektor or Edgewood front sand bags. The rest top side plates allow the user to "pinch" the sand bag for subtle bag width adjustments. Purchase the front Protektor or Edgewood sand bag which best fits your forend width: sporter, varmint, or flat-bottomed B/R stock (front sand bag is not included with Sinclair Heavy Varmint Bench Rests, please see page 170 and order separately).
- The Sinclair Heavy Varmint All-Purpose rest is designed with our versatile All-Purpose (A/P) Top which quick-adjusts to accommodate nearly any forend. Switch from narrow sporter stocks to 3 1/2" BR stocks with a turn of a lever. The Sinclair Heavy Varmint All-Purpose Rest includes a dual-sided leather/cordura sand bag (not filled).
- The Sinclair Heavy Varmint Basic Rest features a flat-top plate that accepts Protektor and Edgewood front sand bags, or perhaps another favorite brand. The flat-top plate allows for bags to be securely strapped. Front sand bag is not included with the Sinclair Heavy Varmint Rests, please see page 170 and order separately.
- Both the Sinclair Heavy Varmint Bench Rest and Heavy Varmint All-Purpose Rest models are available in a windage topped version. This adds the convenience of quick-adjust horizontal movements for competitive shooting by turning the windage knob located on the side of the rest top. Available in both right-hand and left-hand shooter versions.

Sinclair Lightweight Rests

The Lightweight Rests are designed for shooters who need a lighter, more economical option to a standard weight cast iron rest tripod. The Lightweight tripod is machined aluminum, and the leg screws and T-handle are lightened to produce a weight savings of over 11 pounds from our standard rests. These Lightweight rests are ideal for F-Class shooters, field shooters, sight-in sessions and plinking. Our Lightweight Rests accept all Sinclair rest tops and accessories including F-Class extended leg screws and Speed Screw.

Sinclair Generation II All-Purpose Windage Tops

The All-Purpose (A/P) Windage Top model is designed to accept a wide variety of stock forends and will easily adjust to accommodate the narrowest of hunting stock forends up to the 3 1/2" forends of some specialty stocks. The A/P Windage Top includes a forend stop adjustable for length and height and quick adjust levers on the side plates to squeeze our new dual-sided (leather/Cordura) sandbag (included - not filled). The adjustable side plates allow the bag to wrap around the forend, creating a channel in which the rifle can recoil consistently. Available for right and left-handed shooters and include a 1/4"-20 screw to mount to our Sinclair rest posts or any other rest post with 1/4"-20 mounting threads.

Shooting Rest Tops

Sinclair Generation II Windage Tops

Our Sinclair Windage Rest Tops have completely lateral movement windage adjustment and all of the upgraded features found on our non-windage rest tops. Our Windage Rest Tops feature 46" of adjustment at 100 yards (23" at 50 yds) and are tested at the time of manufacture with 17 lbs of forend weight. Available for right and left-handed shooters and include a 1/4"-20 screw to mount to our Sinclair rest posts or any other rest post with 1/4"-20 mounting threads.

Sinclair Generation II All-Purpose Top

If you are looking for a versatile rest top that is easily adjusted for nearly any forend width (up to 3 1/2") this is the top you need. Our All-Purpose (A/P) rest top features quick adjust levers on the bag squeezing side plates to shorten the time needed to switch from rifle to rifle. The updated dual-sided sandbag (included - not filled) is reversible from leather to Cordura for use with wood or fiberglass/synthetic stocked rifles. The new forend stop is adjustable for length and height. Includes a 1/4"-20 screw to mount to our Sinclair rest posts or any other rest post with 1/4"-20 mounting threads.

Sinclair 3rd Generation F-Class Bipod

The Sinclair F-Class Bipod was designed with input from many of our customers across the country, including members of Team Sinclair - who've won the F-Class National Championships. Now in its third generation, it includes many new features that our customers have requested. The new third generation Sinclair F-Class Bipod is offered with an optional quick-adjust elevation knob for faster target acquisition making follow-up shots easier. Made from 7075 T6 aluminum, it's lighter yet more rigid - nearly a full pound less than the previous generation. The Elevation Bipod weighs 1 lb. 15 oz. and the Fixed Bipod weighs 1 lb. 11 oz. The Sinclair F-Class Bipod's adjustable legs include new laser etched graduations so the shooter may easily return to a favorite setting.

Other mounting and adjustment features which our customers prefer, have stayed exactly the same. The bipod locking feature enables you to adjust and lock changes for rifle cant quickly and easily. Firearms mount to the Sinclair F-Class Bipod by utilizing their sling swivel stud in just a few seconds with the captured, hardened pin system. Then, tighten the two tensioning knobs which pull the stock against heavy, low compression felt pads for a movement-free mount. Target rifles with a rail or AR-15's may be mounted using one of our sling stud adapters (see page 171).

The Sinclair F-Class Bipod is used by shooters in F-Class Competition, varmint hunting, load testing, tactical shooting, sighting in rifles, and more. It provides an extremely strong, stable, and comfortable platform for nearly any rifle.

F-Class "Long" Rest Leg Extensions

Sinclair F-Class Rest Leg Extensions are designed to elevate rifle rests when used on the ground in F-Class matches and in varmint shooting. They are approximately 2 1/2" longer than standard rest legs and can be used separately or with F-Class Rest Foot (Pads below). The extra length elevates the rifle rest out of the mud, grass, and gravel and also can serve to anchor the rest into the ground. Sinclair Leg Extensions will fit all Sinclair rifle rests, Hart rests, Bald Eagle and other pedestals with 3/8"-16 threads.

Shooting Bags

Dog-Gone Good Bags

Dog-Gone Good shooting bags and window mounts are made with 1000 denier Cordura nylon, and upholstery-grade leather for durability under hard use. All bags come pre-filled with polypropylene regrind. Available in Forest Green. All leather areas are black.

Large Bench Bag

The large bench bag accommodates rifles with forearm stocks up to 2 1/2". Sits a barrel 8" off the bench. Ideal for target shooting and for use with hard-kicking rifles as it takes almost all the recoil out of a large caliber rifle when a piece of non-skid rubber shelf liner is put between the rifle and the leather cradle, and where the bottom legs of the bag are spread. The bag is 16" long, 12" wide, 8" high, and weighs about 23 pounds. This bag can be used for hunting, but is primarily intended for range work. Includes a carry strap.

#749-010-643ST Large Bench Bag \$99.99

Medium Bench Bag/Small Window Mount Bag

The Medium Field Bag is 12" long, 8" high and 12" wide. Great for field and bench work. Filled and includes carry strap.

The Small Rear Bag is also a small window bag, just turn the bag upside down for its other use! Great to use as a two bag setup at the bench if you need the stability of a rear bag for your butt stock. Or, use as a lightweight, portable window bag. Bag comes filled and includes handy carry strap.

Medium Bench Bag #749-007-539ST \$99.99

Small Window Mount Bag #749-006-353ST \$59.99

ALL DOG-GONE GOOD BAGS PRE-FILLED

Small Bench Bag

The Small Bench Bag sits a pistol or rifle barrel about 8" above the bench. This bag works well with any rifle, but especially the AR15, 10-22's, and contender style pistols. It is an excellent design for target shooting or hunting. Some pistols with muzzle brakes may need a blast shield to keep from burning the bag. The bag is 8" long, 12" wide, and 8" high, and weighs about 10 pounds. Includes a carry strap.

Small bench Bag #749-010-650ST \$99.99

Pillow Bag

The pillow bag is designed to rest the Contender pistol, or to be used in combination with the small bench bag. It is an excellent design for target shooting or hunting. The bag is 9" long, 7" wide, 3" high, and weighs about 3 pounds. Includes a carry strap.

#749-010-658ST Pillow Bag \$34.99

Wedge Bag

The wedge bag is 10" long, 8" wide, 4 1/2" high at one end and tapers to nothing on the other end. Leather covered side can be turned down to resist moving on a slick bench. Weighs about 6 pounds, filled with polypropylene. Includes a carry strap.

Wedge Bag #749-010-660ST \$34.90

Large Window Mount Bag

The large window mount saddles over the window of a vehicle or enclosed hunting stand. Has a leather top for the rifle rest. The bag is 14" long, 7" wide, and 7" high. Great for hunting from vehicles (where allowed). Includes a carry strap. Always check local hunting regulations before shooting from a vehicle.

Large Window Mount Bag #749-010-661ST \$61.99

Mirror Mount Bag

Mirror mount straps tightly to a truck mirror to provide a secure rest for your rifle. Ideal for varmint hunting applications (where allowed). Mirror mount is 10" long, 6" wide, and 8" high.

Mirror Mount Bag #749-010-665ST \$61.99

Field Bags

The Dog-Gone-Good Field Shooting Bags are great tools to have when shooting at the range or "in the field" hunting. Used as a rear bag, it can be turned on the side (2"), edge (3"), or end (4") to achieve the desired height while shooting. Each bag includes a belt loop carry-strap and is camouflaged colored. Available in small (2" x 3" x 4") and large sizes (3" x 4" x 5"). Polypropylene filled for lightweight field use.

EDGEWOOD BENCHREST BAGS

These premium bags and shooting accessories from Edgewood Leather are innovative in design, made of absolutely the best materials available and will hold up under constant competitive use. All Edgewood Leather Shooting Bags are not filled, unless otherwise specified. See page 170 for Extra Heavy Bag Sand and Forster Kwik-Fill funnel.

“Standard Height” Original Rear Bag

This “Standard Height” Original Style Rear Bag has a body height of 3 1/4" tall and a 3" x 4" ear base. The ears are 1 1/2" tall with a 3/8" ear spread to fit all the popular benchrest stocks or varmint/hunting stocks. This standard height bag works exceptionally well with the “low profile” benchrest stocks like the Kelbly Club, and Scoville. The standard bag is also great for hunter/varmint stocks with a lot of drop in the butt stock. Footprint is approximately 6 1/2" x 8 1/2".

#749-007-755ST “Standard Height” Original Rear Bag **\$127.99**

“Tall Height” Original Rear Bag

The “Tall Height” Original bag is 3/4" higher than the “Standard Height” bag. It has a footprint of 6 1/2" x 8 1/2" and weighs 10 to 14 lbs. filled with heavy sand. It is built with reinforced leather sides, heavy nylon top and ears and a multi-layered “donut” base which eliminates rocking on the bench. The body height is 4". Ears are standard height (1 1/2" tall) with a 3" x 4" ear base, and a 3/8" ear spread which is correct for most benchrest stocks. This is the most popular Edgewood rear bag.

#749-007-756ST “Tall Height” Original Rear Bag **\$129.99**

Minigater Rear Bag

The Minigater rear bag has a larger 6 1/2" x 10" footprint than the Original bag. It has 2" tall ears, a 4" x 4" ear base, and a body height of 4". Minigater weighs about 13 to 16 lbs. filled with heavy sand. This bag is very popular with free recoil shooters because of its superior tracking qualities. Available with 3/8" or 3/4" spread between ears. 3/4" ear-spread model also available with built-in carry handle.

#749-007-873ST Minigater Rear Bag - 3/8" Ear Spread **\$149.95**

 #749-013-305ST Minigater Rear Bag w/Handle - 3/4" Ear Spread **164.99**

Benchrest Gater Rear Bag

Yes, it looks sort of like a gater floating with just the eyes above the water. This is a long, heavy bag, about 6 1/2" x 13 1/2", and it is the ultimate in stability on the bench. A Gater bag can easily weigh over 25 lbs. filled with heavy sand, so the multi-layered bottom does not have an internal “donut” like the smaller Edgewood bags. It has a 4" body height, 2" tall ears, and a 3" x 4" ear base. If you shoulder the rear bag once in a while and don't mind hauling the weight, there is nothing more stable on the bench than the Gater. Will require two boxes of heavy sand to fill.

#749-007-871ST Gater Rear Bag **\$159.99**

Grab Handle Bags

These “Handle” Bags were designed for F-Class shooters. The stiff handle makes the bag a lot easier to carry to the firing line, and the larger footprint of the bag base makes the bag more stable for shooting off the ground. These would be excellent bags for varmint hunters who move to new firing points frequently.

Mini Gater Rear Bag w/Handle **\$169.99**

“Tall Height” Original Rear Bag w/Handle **\$139.99**
 #749-007-828ST

Front Benchrest Bags

Edgewood front bags are constructed much like the rear bags with reinforced leather sides and heavy duty nylon tops. The inside corners feature sewn-in nylon inserts to prevent the material from rolling under the stock. All Edgewood Front Bags are available for hunter stocks widths (2 1/4") or Benchrest stock widths (3"). Each of the two widths are offered in four different styles:

1) Standard Bag, features 1/2" leather flaps extending along the bottom edges to be pinned under your rest top retaining bars. Or the flaps may be punched, notched, or cut away all together to custom fit your rest.

2) Standard Bag w/reinforced top, has an extra thick top to hold desired forend shape.

3) Farley Bag, which is narrower than the Standard Bag from front to back to specifically fit the Farley Co-Axial and Co-Axial II rests only.

4) Farley Bag w/reinforced top, has an extra thick top to hold desired forend shape.

#749-009-463ST Standard Bag - 2 1/4" Forend **\$63.99**

 #749-009-467ST Farley Bag reinforced - 3" Forend **63.99**

“Softy” Rear Bag

The “Softy” is the quality bag for “bag squeezers”. This bag is made of heavy Elk Hide for an extra soft squeezable rear bag. Base is extra thick, but still soft, fill tubes have the new location in the base and tabs for easy tuck-in, and the ear base is finished with Elk Hide trim. This bag is approximately 3 1/2" tall with medium height ears and a 3/16" ear spread - the taller, soft ears will accommodate just about any stock style. If you prefer to squeeze the rear bag for minor sight adjustments instead of turning knobs on your front rest, this is the perfect rear bag for the job.

#749-007-908ST “Softy” Rear Bag **\$149.99**

Edgewood Dead Bottom

The Edgewood Dead Bottom works to stabilize the rear bag and provide a "dead" bottom stable bag set up. This also enables the shooter to achieve an additional 3/4" to 7/8" rear bag height. This additional bag height allows the shooter to get lower on the target, especially at ranges that run down hill naturally at longer ranges. Each Dead Bottom Bag is manufactured from soft suede leather. Dead Bottom Bags do not come filled.

- #749-101-013ST Edgewood Dead Bottom for Minigater Rear Bag **\$39.99**
- #749-101-014ST Edgewood Dead Bottom for Gater Rear Bag **39.99**
- #749-101-015ST Edgewood Dead Bottom for Original Rear Bag **39.99**

Edgewood Soft Hand Rest

The Edgewood Soft Hand Rest is an all-purpose bag that does not have the stiff, double layer bottom of the Standard Hand Rest Bag. The soft, bean bag style configuration may be used for your hand, elbow, arm, or as a utility rear bag while hunting in the field. Dimensions are 4 1/2" x 7 x 2 1/2" and comes prefilled.

Edgewood Soft Hand Rest
#749-101-007ST **\$56.99**

Edgewood Elbow Pad

This Elbow Pad will do a lot more than just keeping the concrete bench from scraping your elbow. The formed leather "U" shape, non-skid bottom and stitched nylon insert will help you with consistent positioning which is part of producing small groups. These pads are comfortable, durable and they work.

#749-006-346ST Edgewood Elbow Pad **\$64.99**

Edgewood Bench Snake

Ejector equipped benchrest rifles are becoming more popular all the time, and with all the work shooters put into their match brass they don't want the fired cases rolling off the bench. This flexible leather snake will keep your brass on the bench and hold down your towel when the wind is blowing. The Bench Snake is approximately 40" long and about 1 1/2" in diameter, made of smooth, quality leather and pre-filled with sand. Great accessory for any type of benchrest shooting.

#749-006-059ST Edgewood Bench Snake **\$64.99**

Edgewood Rear Bag Spacers

Boost the height of your rear bag with the Edgewood Rear Bag Spacer. Often times a "higher" rear bag may be necessary to get "lower" on the target, effectively bringing your muzzle height closer to the ground. We see this from time to time across the country at ranges that are built flat or you're shooting a bit downhill.

- Edgewood Rear Bag Spacer - Original
#749-009-472ST **\$25.99**
- Edgewood Rear Bag Spacer - Minigater
#749-009-471ST **\$27.99**
- Edgewood Rear Bag Spacer - Gater
#749-009-470ST **\$29.99**

Edgewood Hand Rest Bag

This Hand Rest Bag is excellent for resting your hand or wrist on if you shoot benchrest free recoil style. One end is sloped slightly, so this bag would work well as a rear bag for a hunting or varmint rifle in the field. The Hand Bag is high quality grained leather with a stiff, double layer bottom so it sits flat and it has the new bottom pocket tabbed fill tube. Bag is 7 1/2" long, 5" wide and 2 3/4" tall when filled full - height would be much less and the bag very soft if less sand were used.

#749-006-345ST Hand Rest Bag **\$57.99**

15"

10"

Tuff-Tec Shooting Rests

These bags feature a Tuff-Tec/Sure-Grip rubberized top, along with Bulls Bags' butterfly hinge action, to lock the forearm in place with a vise-like grip that reduces felt recoil and muzzle jump. 3 1/2" cradle height. The hefty 600 Denier polyester construction stands up to hard use and is coated for extra protection from UV damage. Detachable carry/shoulder strap lets you change shooting positions quickly in the field or at the range. Bench model is 15" long, compact Field model is 10" long. Black with gold accents. Unfilled - ready for the media of your choice.

- #749-012-320ST 15" Bench Shooting Rest - Unfilled **\$49.99**
- #749-012-319ST 10" Field Shooting Rest - Unfilled **38.00**

Protektor Owl Ear Front Bags

Bags listed to the left are designed for use on mechanical rests. These owl ear front bags come in three different sizes. Choose the size that will most closely fit your particular forend width. See ear-to-ear dimensions below. Overall dimensions of the bag are 2 1/4" wide by 5 3/4" long and 1" high in center. BAG32, BAG28 and BAG29 have the top, ears and sides made of fine grade Cordura. The bottom is leather for stability and there is no rib on top.

Note: All Protektor Bags are not filled. Sand required to fill all these bags. (See page 170 for sand and funnel.)

Miscellaneous Protektor Model Bags

BAG07 - Standard Front Bag

This front bag is used when not utilizing a mechanical front rest. This bag has a height of 4" from the base to the top of the saddle.

#749-003-690ST \$25.99

BAG #07

BAG15 - Recoil Bag

You want to shoot a 416 Rem Mag off the bench. Okay, keep reading. This bag certainly absorbs plenty of recoil when placed behind the buttplate. It's 4" in diameter by 8 1/2" high. A carrying strap is attached to the top.

#749-003-235ST \$22.99

BAG #15

BAG16 - Brick Bag

Looks just like a brick. Bag size - 4" wide by 8" long by 1 1/2" high. This bag can be used as an all purpose bag or to rest your elbow or arm on. Great all around bag to have.

#749-003-113ST \$21.99

BAG #16

BAG17 - Small Brick Bag

Small size brick shaped bag. Popular for use under your elbow. Bag size is 4" wide by 5" long by 1 1/2" high.

#749-002-542ST \$17.99

BAG #17

BAG23 - Pillow Bag

Square pillow shaped bag with a large surface has many uses such as elbow support, rifle butt support, recoil bag, etc. Bag size is approximately 6" x 6".

#749-002-596ST \$17.99

BAG #23

Bags Recommended for Use in the Field or with Two Bag Set-Up

Standard Rear Bag

This rear bag is primarily used when the shooter is not using a mechanical front rest. Most often used with BAG07 (see above) as a front bag. Bag size is 5" wide by 6 3/4" long and 2 5/8" high at the front end then tapers to the rear to match the shape of most rifle stocks.

Standard Rear Bag
#749-003-228ST \$22.99

Rabbit Ear Rear Bag

This bag can be used with any front bag. Its base size is the same as BAG12, only this bag has two large ear bags sewn to its top. Each ear measures 2 5/8" high.

Standard Rabbit Ear Rear Bag
#749-004-355ST \$29.99

Bunny Ear Rear Bag

This bag can be used with any front bag. Its base size is the same as BAG12, only this bag has two short ears sewn to its top to accommodate thicker butt stocks. These short ears will not interfere with cheek pieces.

Standard Bunny Ear Rear Bag
#749-004-356ST \$29.99

Sand Bags

Protektor Model Rear Bags

The Protektor Model Bags are the most popular sand bags sold in the accuracy game. One of the reasons is the quality put into each bag. They are carefully stitched and made of select high grade leather. For a bag to fit your specific needs, see the information on these pages.

Note: All Protektor Bags are not filled. Sand required to fill all these bags. (See page 170 for sand and funnel.)

Deluxe Protektor Rear Bag

These custom rear bags from Protektor have a bottom comprised of 3-layers of stiff leather with an integral doughnut that eliminates any rocking movement. The sidewalls have stiffer leather than most bags, which prevents "rounding" of the bag over time. Bunny Ear models have "v-style" ears and are a great choice for those with cheek pieces or thinner rear stock profiles. Mid-Ear models have ears slightly taller than bunny ears to provide additional support and have two rows of stitching between the ears to create the proper spacing for larger stocks.

The two styles of ears are available in either high quality leather or in finegrade Cordura. The Cordura material is an excellent choice for those using fiberglass or composite stocks.

- #749-006-903ST Deluxe Protektor Cordura Mid-Ear Rear Bag - Two Stitch **\$69.99**

Mid-Ear

Leather Bunny Ear

Protektor Dr. Bags

The Protektor Dr. Bags are the answer for shooters who prefer a rear bag as heavy as a boat anchor for peace of mind. The Dr. Bags weigh in at over 15 lbs. filled with heavy bag sand. These bags have a larger footprint and a thick, heavy bottom to resist warping or bag "rocking". The extra-long, mid-range ear height is extremely supportive and stable, allowing your gun to track consistently. Available in either leather or Cordura ear versions. Features three rows of stitching that creates a 1/2" space between the ears. Features three rows of stitching that creates a 1/2" space between the ears.

- #749-007-536ST Protektor Dr. Bag Cordura Ears **\$99.99**
- #749-007-537ST Protektor Dr. Bag Leather Ears **\$99.99**

Protektor Rear Bag w/Handle

The Deluxe Protektor Rear Bag has been a favorite with bench shooting customers since its release a few years ago. Now, Protektor is offering the Deluxe bag with a "built-in" carry handle and thick bottom. The thick bottomed handle feature adds stiffness, stability, and over an inch to the bag height - making it the popular choice in F-class Competition, field shooting, or those shooting from the ground w/ bipod or rest. The Deluxe Protektor Rear bag body incorporates stiffer leather to prevent rounding of the bag over time. The midsize-ears (in between the short bunny and tall rabbit ear heights) provide additional stock support and have two rows of stitching between the ears to create the proper spacing for most target stocks. Either add or remove ear sand to fit your stock accordingly. Available in either Cordura or leather ear models.

- #749-101-724ST Deluxe Rear Bag w/Handle - Cordura **\$89.99**
- #749-101-725ST Deluxe Rear Bag w/Handle - Leather **\$89.99**

Protektor Custom Bunny Ear Rear Bags

These bunny ear style bags are constructed of heavy leather with a thick, double layer of leather on the bottom for extra stability. The bunny ear design is a good choice for stocks with cheekpieces. Both custom bags listed here are approximately 3 7/8" tall from base to bottom of ears with a single row of stitching between the ears.

- All-Leather Bunny Ear Rear Bag **\$47.99**
- #749-005-819ST

- Leather Rear Bag w/Cordura Bunny Ears **\$47.99**
- #749-005-815ST

Protektor Two-Stitch Bunny Ear Rear Bags

These bags are the same height as Protektor Custom Bunny Ear Rear Bags above but have two rows of stitching between the ears instead of one. We've found that the newer stock styles roll around on top of single stitch bags for lack of contact and have a tendency to wiggle between the ears in three stitch bags. The two rows of stitching between the ears on these bags offer the shooter the best combination of contact and stability.

- All-Leather Two Stitch Bunny Ear Rear Bag **\$52.99**
- #749-006-278ST

- Two Stitch Rear Bag w/ Cordura Ears **\$54.99**
- #749-006-280ST

Protektor Custom Rabbit Ear Rear Bags

These rabbit ear style rear bags are constructed of heavy leather with a thick double layer of leather on the bottom for extra stability and durability on the bench. The taller rabbit ears provide extra stability and more stock contact than bunny ears. May not be suitable for stocks with larger cheekpieces.

- All-Leather Rabbit Ear Rear Bag **\$47.99**
- #749-005-818ST
- Leather Rear Bag with Cordura Rabbit Ears **\$47.99**
- #749-005-810ST

Protektor Low Profile Custom Bunny Ear Rear Bag

This low-profile rear bag features the same thick bottom and all-leather construction as the Deluxe Leather Protektor Rear Bags listed above only 1" shorter to accommodate stock designs requiring a shorter rear bag.

- Low Profile All-Leather Bunny Ear Rear Bag **\$34.99**
- #749-004-931ST

Bench and Field Shooting Rests

These rests feature the same butterfly "hinge" design of the X7 Vise Lock bag to hold the rifle securely in place and provide a solid, stable platform. Black suede top surface helps grip the forend and protects the gun's finish from scratches. Cradle is approximately 3.5" high. Available in 15" Bench length or compact 9" Field length, both in basic Black or Woodland camouflage pattern made from double-seamed, 600 Denier polyester coated for added protection from the damaging effects of UV rays. Both colors are supplied with a detachable carry/shoulder strap that clips to D-rings on the bag for easy carry. The Khaki bags are made of tough, ^{10/10} army duck/cotton twill, come without the carry. All models come filled with dry media. Weight approximately 25 lbs. (15") or 14 lbs. (9").

#749-012-325ST 15" Bench Shooting Rest - Black **\$106.00**
 #749-012-323ST 15" Bench Shooting Rest - Khaki **94.00**

Hyskore Leather Rest Bags

Hyskore leather rest bags are made from top-grain cowhide, double-stitched for durability, and ready to use right out of the box because they come pre-filled with lightweight plastic media. These no-hassle rests can be used to support either forend or buttstock, and accommodate most bench and sporter-style forends. Suede bottom prevents the rest from slipping at the wrong time. Comes filled with non-organic plastic-pellet media that won't decompose, compress, or absorb moisture. Zippered fill ports with internal flaps let you add, remove, or change media any time. Choose the small, portable Universal bag (5 1/2" x 5 1/2" x 3 3/4") or the longer Rabbit Ear bag (9" x 5" x 4").

#749-012-307ST Universal Leather Rest Bag **\$12.49**
 #749-012-308ST Rabbit Ear Leather Rest Bag **19.99**

Pro-Series Custom Shooting Rest

Combines higher elevation with easy portability, and features Bulls Bags' "butterfly" hinge action that grips the rifle securely for less muzzle jump. Low-center-of-gravity "H" design has a cradle height of approximately 8" for use with longer detachable magazines and pistol-style grips, making this an excellent choice the AR-15 shooter. Pre-filled with dry media, the attractive, "tree" camouflage pattern 900 Denier polyester body has a 2 mil thick coating for UV protection. Black suede top provides an excellent gripping surface that won't scratch the stock or barrel. Wide footprint increases shooting stability for increased accuracy when used correctly. 10" long. Weight: 30 lbs.

#749-012-318ST Pro-Series Hi/Custom Shooting Rest **\$129.99**

Skip's Bag Stabilizer

This bag stabilizer is made to place under your rear bag to provide additional stability. The donut shaped bag fits underneath Protoktor Model or Bald Eagle rear bags. Some rear bags tend to rock due to the rounding they get with use and the bag stabilizer prevents them from rocking. The bag stabilizer also raises the rear bag for those shooting stocks with a near straight comb such as a Borden, TMBR or Scoville stock. Legal for use in NBRSA and IBS registered benchrest shoots. Made of leather (suede). Sand required to fill (sold separately at right).

#749-004-093ST Skip's Bag Stabilizer **\$27.95**

Sinclair Billy Towel

This special towel is the product of the imagination of Col. Billy Stevens, gunsmith and benchrest shooter. The towel has pockets on three sides which hold weighted tubes (removable for washing the towel). The weights keep the towel in place on the shooting bench when the wind is blowing and the raised edges keep your brass on the towel. Shooters who saw these towels all had the same comment, "Wow! I need one of these." Available in navy blue only.

#749-003-618ST Sinclair Billy Towel **\$25.49**

Bulls Bags X7 Shooting System

Set of seven shooting rests can be configured in up to 50 different combinations to give you a superbly stable platform for rifle or handgun. The heart of the system is the Vise Lock bag that features a butterfly "hinge" design that locks the rifle in place with a vise-like grip for a stable shooting platform with reduced felt recoil and less muzzle jump. Black suede top surface helps grip the forend and protects the gun's finish from scratches; top of the cradle is approximately 7-1/2" high. The set's other bags can be added, stacked, and configured into wide variety of combinations to ensure you have the best possible support when you pull the trigger. Each dry-media filled bag is made of double-stitched, heavy-duty 900 Denier polyester to withstand years of use, with an internal, moisture resistant lining. The woodland camouflage pattern blends into the background for field use, and looks good at the bench. Set includes the Vise Lock Bag, 2 Rectangular Bags, 2 Owl/Rabbit Ear Bags, 2 Zippered Sleeve Hi-Rest Bags, and instructions.

Bulls Bags are filled, unless otherwise specified.

#749-012-312ST X7 Shooting System **\$159.99**

Sand Bags & Bipods

Extra Heavy Bag Sand

Our extra heavy bag sand is sold in 15 lb. boxes which is enough to fill a large rear bag with a little left over. We specifically recommend filling your rear bag with it. The extra weight in the rear will definitely help stabilize your rifle.

Heavy Bag Sand
#749-003-070ST \$19.99

Forster Kwik-Fill Sandbag Filler Funnel

If you have ever struggled to fill a sandbag for a shooting rest, you know just how good an idea this is. The Kwik-Fill Sandbag Filler Funnel helps you get the sand in the bag instead of on the ground. It's a simple system that features a durable, compact funnel with a special long drop tube.

Forster Sand Bag Funnel (No Case Mouth Bell)
#749-002-199ST \$16.99

Extra-Heavy Bag Sand and Funnel

We've combined our extra-heavy shooting bag sand with a convenient funnel system to help you get the sand in the bag instead of on the ground. Benchrest shooters love this fine, dense, sand, which comes in a 15 lb. box. The Forster Kwik-Fill Sandbag Filler Funnel features a simple, durable, compact plastic funnel body with a special, long drop tube.

Heavy Bag Sand/Funnel Bundle
#749-013-389ST \$29.99

Upriser Arms Bipod Swivel Mount

Wingnut for shipping purposes only

This machined aluminum bipod mount lets you rotate the rifle a full 360° to change firing position without having to reposition the bipod legs. The mount accepts any bipod that attaches to a QD sling swivel. Just remove the forearm swivel stud on any wood or composite stock and replace it with the Upriser. Pull and twist the plunger-style knob to free the mount to rotate on its ultra-smooth internal, precision-bearing pivot. Twist and release the knob to lock the rotation mechanism in the forward position and provide a stable, rock-solid, non-rotating shooting platform. Rubber pad on the top of the mount prevents rattling and protects the stock's finish, so you can remove the mount and reinstall the original swivel stud any time. Nonreflective, matte black hardcoat anodized finish. Weighs only 6.6 oz. and adds approximately 1 1/4" to bipod height. Instructions and mounting hardware included.

#749-012-537ST Upriser Arms Bipod Swivel \$69.95

Phoenix Tactical Bipod Upgrade Parts

Pod Claws and Replacement Feet

Phoenix Tactical replacement feet for Harris and Keng's Versa Pod bipods let you install feet best suited to the kind of surface you're shooting from. Quick twist-on/twist-off attachment system lets you easily switch to a different set of feet to suit different conditions. Rugged, lightweight, all-aluminum construction, with a tough, matte black hardcoat anodized finish for years of reliable service. All sets of feet are sold in pairs. Installation requires the Adapters sold separately below. All sets of feet are sold in pairs. Installing them requires the Adapters sold below. For maximum efficiency, purchase a pair of adapters for each pair of feet you own; for economy, get one pair of adapters and swap on different pairs of feet as needed.

A. & B. Pod Claws

have a large, 2.5" wide footprint for excellent stability on loose dirt or other terrain where a tough, claw-like grip is required. Available in a kit with adapters included (A), or claws only (B). Available either in a kit with a set of adapters or, if you already have a set of adapters, the claws only.

#749-012-845ST Pod Claws w/Adapters \$97.00
#749-012-842ST Pod Claws Only 23.50

C. Ski Footings

have upturned front and back edges to help you maneuver the rifle to engage multiple targets quickly while maintaining solid support. 1 3/4" x 1" footprint provides a wide, stable shooting platform on a variety of surfaces.

#749-012-844ST Ski Footings Only \$18.99

D. MOUT

(Military Operations in Urban Terrain) footings have even wider, 2" x 1 1/4" pads overmolded with rubber to ensure a secure stance on flat surfaces. Ideal for shooting off a bench, vehicle hood, or other slippery, non-porous surface. Ridges on the underside of each foot help maintain a sure grip on wet or slippery surfaces.

#749-012-843ST MOUT Footings Only \$24.99

E. Adapters:

Installation of Pod Claws and footings require adapters, also sold in pairs. No need for permanent alterations to bipod; adapters use the retaining pins for the factory bipod feet. Allows quick change from one set of Phoenix feet to another with a simple, slide and twist motion. Includes mounting hardware.

#749-012-840ST Adapters - 1 Pair \$73.50

Leg Lock Screws For Harris Bipod

Steel screws with large, easy-to-turn knurled heads replace the factory leg screws on Harris bipods with notched legs for a tighter fit that prevents leg rotation and gives you better control of the rifle. Rubber grommets ensure a tight hold that won't work loose under repeated recoil. Nonreflective, wear resistant, matte black oxide finish.

#749-012-841ST Leg Lock Screws For Harris Bipod \$17.99

NEW Duplin Rifles Rorer Spec Bipod

Built to specifications from champion F-Class shooter Jeff Rorer, the Rorer Spec Bipod gives rock-solid support without weighing down your rifle. At barely over 1 lbs., the machined aluminum and stainless steel bipod gives almost 6" of elevation adjustment, features a footprint that ranges from 14 1/2" to 21", and can be adjusted while you are still in the prone position. It readily mounts onto Freeland-Style or Anschutz accessory rails and comes with a matte black finish.

#100-012-954ST Duplin Rifles Rorer Spec Bipod **\$349.99**

Harris Ultralight Bipods

Harris Bipods are versatile, sturdy, light, fast, and are made from high strength anodized aluminum alloys. Stress parts are tempered spring steel. Bipods can be clamped to most QD stud equipped rifles. All have sling attachment provisions and adjustment for off center studs. Spring loaded folding legs are quickly adjustable for height. Solid base style or hinged base style (for adjusting rifle cant) available in heights listed below.

#749-001-420ST	Rail Adapter (Anschutz)	10.49

Sinclair Bipod Adapters

Our Sinclair bipod adapters allow you to mount your Sinclair or Harris bipod to your accessory rail or Picatinny rail equipped forend. All aluminum and steel construction ensures a lifetime of use.

Both accessory rail models will fit Freeland and Anschutz style accessory rails. The Deluxe Model (b) is specially designed to nest in the cradle of the Sinclair Bipod and locks securely in position using two small cap screws, while the Standard Model (a) slips in the accessory rail and is held in position by the tension created by tightening the bi-pod to the stock forend.

The Picatinny rail bipod adapter (c) clamps securely in place using a steel socket screw and lets you install your bipod exactly where you want it on Picatinny rail equipped tactical rifles such as the AR-15.

#749-001-388ST	Standard Bipod Accessory Rail Adapter (A)	\$9.99
#749-004-371ST	Deluxe Bipod Accessory Rail Adapter (B)	29.99
#749-011-620ST	Picatinny Rail Bipod Adapter (C)	29.99

E. Arthur Brown S-Lever for Harris Bipods

Quit fumbling with that hard-to-reach, hard-to-turn factory tension knob on Harris S-type bipods. This finger-operated lever from E. Arthur Brown replaces the knob so you can release the tension, tilt the rifle to level the scope crosshairs, and then with a quick flick of the lever, lock it down so you're ready to fire. Lightweight, fiber-reinforced nylon lever is spring-loaded so you can reposition it to prevent snags without losing the desired tilt. Installs with simple hand tools. Instructions included.

#749-012-795ST Harris Bipod S-Lever **\$12.95**

Grip Pod Systems™ GPS 02 AR-15 Grip Bipod

The Grip Pod Systems GPS 02 is a revolutionary new fore-grip integrated with an instantly deployable strong and stable bipod which will fit any AR style rifle with a Picatinny rail on the bottom of the fore-end. The GPS 02 offers a combination of enhancements for target acquisition in a single, compact accessory. With the Grip Pod in place, a shooter can go from a CQB position to prone and have the bipod in place for aimed firing before he hits the ground. This unit is constructed of steel reinforced polymer, weighs 7 ozs., grip is 1 3/4" in diameter and 5 3/4" long closed, height with bipod deployed is 8 1/4". The GPS 02 System is currently in use worldwide with special forces units from the Navy, Army and Marines and has been selected for use on U.S. Army Designated Marksman Rifles.

#100-003-226ST GPS-02 Grip Pod, Black **\$149.99**

Pod-LOC™

The POD-LOC from KMW replaces the locking nut on Harris "S" type bipods (swivel type) making it much easier to use. The previous way to tighten or loosen the swiveling piece on these bipods was to use pliers on the locking nut. Shooters like the leveling device on these bipods, but want to lock them down when in the proper position. The POD-LOC is a kit that anyone with a 1/4" socket wrench can install in a couple of minutes. The POD-LOC consists of a clamping lever and spacer that allows you to lock and unlock the swivel mechanism with one hand while remaining in position.

#749-003-993ST POD-LOC Kit for Harris "S" Bipods **\$24.99**

Smith Enterprise Lightweight QD Bipod

This lightweight bipod from Smith Enterprise attaches to any MIL-STD 1913 Picatinny rail and features aluminum legs that instantly extend at the push of a button. Six precision-cut locking notches allow you to adjust elevation from 7" to 9", while the aluminum ski feet give excellent stability on any surface or terrain. Steel, TiG-welded main body stands up to hard use and helps ensure a long service life. Two adjustment nuts help you find the perfect amount of tension for the rail attachment, and the right-side throw lever enables instant mount and dismount. Legs fold forward or backward for easy carry, even when extended.

Smith Enterprise Lightweight QD Bipod
#851-000-090ST **\$269.99**

Smith Enterprise Red Arrow Quick-Detach Bipod

This compact bipod attaches to a Picatinny rail to give you a solid rest in the field or at the range. The spring-loaded legs deploy independently when you hit the pushbuttons, and they can be folded together to form a vertical grip when a bipod is not needed. Five-position height adjustment from 6¼" to 8" when fully extended. Once installed, the rail clamp's quick-release lever lets you mount and remove the bipod easily without tools. Polymer and steel construction.

#851-000-089ST Red Arrow Quick-Detach Bipod **\$174.99**

Allied Precision Arms AR-50™ Quick-Adjust Monopod and Bipod

Designed specifically for the ArmaLite® AR-50™ rifle, these heavy-duty rests provide a stable platform for accurate shooting with this big .50 BMG boomer. The Monopod bolts directly onto the AR-50's buttstock with no modifications to the rifle. It features a Quick-Adjust button for large vertical adjustments, plus a hand wheel for the final fine adjustments when you're in the shooting position. The solid-steel Bipod attaches to the AR-50 forearm, and features lockable cant adjustments and positive screw-lock legs with ski feet. The bipod's wide, 17" stance offers stability, and it can even be used to hold the rifle's muzzle down for cleaning the bore. Monopod and bipod sold separately.

#100-009-633ST Allied Precision AR-50 Bipod **\$219.99**
#100-009-635ST Allied Precision AR-50 Monopod **129.99**

Accu-Shot Atlas Bipod

Picatinny
Quick-Detach
Lever Mount

Two Screw Picatinny Mount

No Clamp

Lightweight, aluminum bipod features durable stainless steel locking components and grippy rubber feet to give you a rugged, sure-footed shooting platform. Independently-adjustable, five-position legs extend from 5" to 9" and allow up to 180° of front-to-back adjustment. Pans 30° left or right for smooth target tracking, plus 30° of cant adjustment makes it easy to align your crosshairs, regardless of terrain. Available with three attachment options: a quick-detach Picatinny lever mount, a more permanent two-screw Picatinny mount, or a No-Clamp mounting option that fits any 17S size lever-style mount when using the proper adapter (sold separately), including the A.R.M.S. 17S, American Defense AD-170, Badger Ordnance TRAMP, or LaRue Tactical LT271.

Accu-Shot Monopods

The Accu-Shot monopods are designed to add stability and provide easy elevation adjustment for bi-pod equipped rifles. The monopods attach to either the rear sling swivel stud, 1913 style Picatinny rails, or other rifles with the help of an adapter.

The Precision Rail Monopod (PRM) mounts to any 1913 style Picatinny rail while the Stud Mount Monopods attach to a traditional angled rifle stock via the Sling Stud found on many common rifle stocks. All Monopods include a push button deployment and retraction feature. All Monopods come with a Thumbnut which allows the operator to "Lock" the knob creating an extremely solid shooting platform. The leg folds up and retracts out of the way when not in use.

The metal Quick Knob (QK) offers fine elevation adjustments and provides for a quick vertical height adjustment at the push of a button

The ASAI (Accuracy International) Monopod is attached via an application specific nut without modification to stock. The ASAI Monopod features the same great options as the PRM and Stud Mount Monopods.

When installed on your CAR collapsible stock, the CAR Adapter allows you to mount any PRM style monopod to your rifle. CAR Adapter replaces the factory loop on the stock while providing the means to re-attach the fixed sling loop with the loop on the left, right, or bottom angled forward or backward. The Sling Loop Adapter replaces the standard Sling Loop found on many standard military style rifle stocks including the AR10, AR15 and M1A.

Tac-Cap is an optional steel cap the replaces the plastic found at the bottom of the Monopods. This cap can damage soft surfaces and is intended for units that will experience hard use.

Sinclair Tactical Bipod

If you like products that made the best they can be this is for you. Smooth, well thought out operation. Extremely sturdy. Each part nicely machined. Beautiful piece of gear.

waderthemudder from Iowa

Sinclair Tactical/Varmint Bipod

The Sinclair Tactical/Varmint Bipod is designed for the needs of the precision rifleman and hunter. Our bipod features the same rugged attachment system as our Sinclair F-Class Bipod as well as solid, durable billet aluminum and stainless steel construction throughout.

Other features on our Sinclair Tactical/Varmint Bipod include:

- Independently adjustable bipod legs for uneven ground
- Dual adjustment on bipod legs, allowing adjustment from 6¹/₂" to 12¹/₂" in height
- Positive stop on adjustable legs (no friction stops to work loose while shooting)
- Lockable rifle canting
- Integral swivel stud mounted to frame for attaching slings
- Light weight: 1 lb. 12 oz.

Edgewood Bolt Holster

A bolt holster is the safe, convenient way to carry your bolt (and not forget to take it to the firing line) at any type of shooting match - most match rules require that bolts be removed from rifles when you are not on the firing line. Edgewood Bolt Holsters fit almost all factory and custom action bolts and carry them securely and safely. Holsters are expertly made, attractive with a cordura insert in the foldover flap closure, and lined with smooth leather to protect your bolt. Strong belt clip riveted to the back of the holster.

Edgewood Bolt Holster
#749-006-354ST

\$55.95

Middlebranch Leather Bolt Holster

These Bolt Holsters from Middlebranch Leather are very well made from high quality, well finished leather. They are a simple, open-top design with a secure fold over belt loop, full smooth leather lining and a heavy duty snap tab to hold the bolt in the holster securely. Holsters are sized to fit bolts from any benchrest, varmint or hunting rifle. Middlebranch Bolt Holsters are available in black or medium brown smooth leather with tan leather lining, and in short (Remington short action bolt length) and long (Remington long action bolt length).

Shooting Stool

Want a great adjustable shooting stool? We have tried all kinds at our range and at different ranges all over the country. This stool is durable, comfortable and will accommodate different bench heights. It has a padded weather resistant 14" seat and is extremely comfortable. Features an adjustment handle that allows you to adjust the seat from approximately 17" collapsed height to a 25" extended height. The stool is supported by a single stem with 5 legs to provide a very stable platform. Great for use at your reloading bench also.

#749-007-602ST Shooting Stool \$104.95

Protector Bolt Sheaths

The Protector Bolt Sheath is an economical way to store your bolt in between firing sessions at the range. Sanctioned rifle matches require the removal of your rifle bolt before exiting the firing line. The Protector bolt sheath enables you to easily insert most rifle bolts, including magnums, and leave the firing line safe with your action clear. It includes a handy belt loop so that you can wear it at all times during your course of fire. Available in light or dark leather.

Protector Bolt Sheath - Light Leather

Protector Bolt Sheath - Dark Leather
#749-101-017ST \$13.99

Camo Form Wrap

Camo Form Wrap protects your firearms from scratches, dings, nicks, and more. The heavy-duty stretch fabric adheres to itself as it wraps around your favorite gun. No sticky residue, no gummy tape mess, and it stays in place, even when it gets wet. Camo Form is patterned to improve your grip and keep your guns/bows from slipping in the field as well as insulate from hot or cold surfaces. It's available in a variety of colors to match your gear or terrain. Binoculars, flashlights, knives, anything you need to have a better grip, Camo Form can be cut and applied to the smallest moving parts. Patterns available to the left correspond with item numbers below.

- #749-002-107ST Teflon 4 Piece Stock Tape Kit

\$8.95
7.95
12.95

Many benchrest shooters use tape on the forend and buttstock of their rifles to help the stock slide smoother in the bags. The tape also protects the stock surfaces from being scratched by Cordura™ bags. We carry two types of stock tape kits - the traditional "clear" tape which is hardly visible on the rifle, and the tan colored true Teflon® PTFE coated film tape. Both types of tape are cut to 5" x 5" pieces and have peel-off backers. The clear tape is available in two rifle kits, and the Teflon tape is available in one rifle or two rifle kits. Application instructions are included.

Sinclair Forend Benchrest Adapter

This benchrest forend adapter quickly converts almost any stock into a benchrest stock. No modifications to your stock are necessary. Simply insert the appropriate screw (included) through the forend adapter and thread it into the front sling stud hole. The side plates adjust inward to configure to the forend design of your rifle. Cork material protects the stock finish. The 3" wide bottom plate is made of solid UHMW, which has a low coefficient of friction. Accepts forend widths from 1 1/4" to 2 3/8".

#749-004-954ST Sinclair Forend Benchrest Adapter

\$36.95

Sinclair Benchrest Forend Rail Adapter

Our Sinclair forend adapter mounts securely to your Freeland-style and Anschutz accessory rail to provide a wide, stable surface for shooting from sand bags or from a target rest.

The extra-wide, anodized aluminum base is ultra-steady on the rest with twin runners that track smoothly and help the rifle travel straight rearward under recoil. A simple, bolt-on way to give your rifle that rock-solid feel on the bench.

#749-011-468ST Benchrest Forend Rail Adapter

\$34.99

Sinclair Benchrest Picatinny Rail Adapter

The Sinclair Picatinny Rail Adapter lets you use the Sinclair Benchrest Forend Rail Adapter on a rifle with a Picatinny rail on the underside of the forearm.

\$29.99

Shooter Pads™

Most shooters shoot much better when their body position is comfortable. These gel-filled elbow pads are designed for anyone shooting off the ground or from a bench. The high quality pads are made with smooth Lycra™ on one side and a tough non-skid material on the reverse. The inner core contains a non-bottoming gel which is comfortable and compliant, yet has a permanent memory. The shooter pads measure 7" x 7 1/2" and are a little over a 1/2" thick.

- #749-001-575ST Single Shooter Pad
- #749-002-686ST Pair of Shooter Pads

\$11.99
18.99

Sinclair Bag Wax

Our new Bag Wax is a powdered wax product for use on leather shooting bags. The wax does not become sticky or clumpy like chalk or baby powder in damp or high humidity conditions, and stock to bag lubrication is more consistent with Bag Wax. Easy sprinkle on application. This is the bag wax product endorsed by several top benchrest shooters. Available in a 2 oz. shaker bottle.

#749-002-694ST Sinclair Bag Wax - 2 oz.

\$17.95

Silicone Bag Spray for Cordura Bags

We use this silicone spray on our Cordura bag ears to achieve a significant reduction in rifle/bag friction. Comes in a 4 oz. aerosol can.

Aerosol products must be shipped by UPS Ground only.

#749-000-935ST Silicone Bag Spray - 4 oz.

\$7.95

Benchrite Super Bolt Lube

This refined formula of Dave Dohrman's original bolt lube recipe still is a champ at reducing metal-to-metal friction, and it's been enhanced to adhere better to metal surfaces and stay on the bolt longer. Just a small amount of Super Bolt Lube really makes the bolt feel much smoother as you work it. The 1 oz. bottle has an insert tip for precise application and holds enough lube to easily last the average shooter an entire season.

#749-013-499ST Super Bolt Lube - 1 oz.

\$5.99

Thermo/Hygro Digital Clock

Keep accurate load data records of temperature and humidity with this portable, thermo/hygro clock. Model includes a digital clock which is selectable for 12 or 24 hour time and has an alarm feature. The large LCD display constantly shows current temperatures from 23°F to 122°F with 1° resolution (selectable °F or °C). Measures current humidity from 20% to 99% with 1% resolution. Also records minimum and maximum temperature and humidity for each day. These instruments are used by shooters to help keep accurate records for future reference.

Thermometer/Hygrometer Digital Clock
#749-006-252ST

\$69.99

MTM Pistol Rest

The MTM Pistol Rest is extremely useful when sighting in handguns with scopes and when checking your handloads for accuracy. The rest adjusts to 20 different positions, so it will accommodate just about every type and size of pistol. The fork has soft molded-on rubber to protect the gun's finish, and the unit gives you a comfortable shooting position. The fork stores inside the base piece when not in use making it a compact package.

#749-003-601ST MTM Pistol Rest **\$23.49**

Leupold Scope Tools

These three tools from Leupold will enable you to mount almost all bases and rings with ease. The Ring Wrench is the ideal tool for turn in style rings, and the Torx™ Driver fits most of the Torx screws used on newer rings. The handy and compact Leupold Mounting Tool includes 2 Torx drivers, 5 hex head drivers and a slotted screwdriver. All the drivers fold into the compact tool body.

#749-002-461ST Leupold Ring Wrench **\$13.99**
 #749-002-605ST Leupold Mounting Tool **17.99**
 #749-001-330ST Leupold Torx Driver **8.99**

Leupold Scopesmith Mounting Tool

"Very handy tool for the range and home. much easier to use than the tiny allens and torx that are included with most optics. Helps keep range gear to a minimum."
